Man, 23, Awaits Hearing In Milwaukee Murders

MILWAUKEE — Michael Lee Herrington, 23, accused of slaying two Milwaukee girls and knifing a third, remained in Milwaukee County jail today awaiting preliminary hearing Wednesday after failing to post $65,000 bonds.

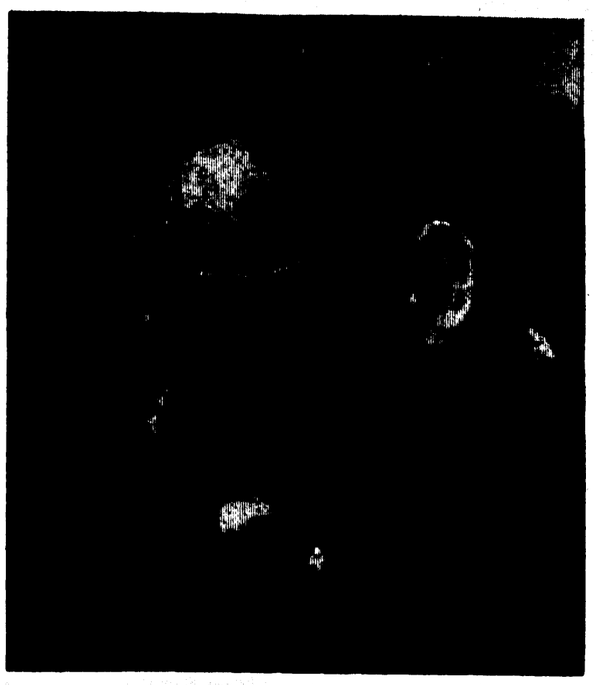
Herrington, son of veteran Kansas City, Mo., police officer is charged with the Sept. 3 knife slaying of Julia Beckwith, 10, of Milwaukee; the fatal stabbing of Sheryl Thompson, 18, of Milwaukee on Oct. 16, and the attempted murder of Kathleen Dreyer, 11, also of Milwaukee, last Friday night.

Police have also questioned Herrington about the Nov. 4 slaying of Diane Olkwitz, 18, of Menominee Falls.

District Attorney Hugh R. O'Connell said Sunday he would personally prosecute the case. It will be only his second role as prosecuter since he became district attorney in November, 1964.

"This is probably the most important matter involving the security of our county in the last 10 or 15 years," he explained.

Herrington will be defended by David Leichtfuss, a former county assistant district attorney, who was appointed by a Circuit Court judge.



MICHAEL J. HARRINGTON, 23, of Milwaukee sits quietly in Milwaukee County Court as he was charged with first degree murder of 10-year-old and 18-year-old girls, and with attempted murder of an 11-year-old-girl. The stabbings had cast terror in the Milwaukee area since Sept. 4. (AP Wirephoto)

Johnson Faces Twin Surgery On Wednesday

SAN ANTONIO, Tex. (AP) — President Johnson returns to the White House today, optimistic about the surgery he faces Wednesday and philosophical about Republican election gains.

"I don't think—and I'm not going to the dogs" Johnson told a news conference Sunday in the modernistic municipal center at Fredericksburg, 15 miles west of his Texas ranch.

Johnson announced he will enter the Naval Medical Center at Bethesda, Md., late Tuesday and be operated on there early Wednesday. Doctors will remove a growth from his throat and repair a hernia along the incision from his 1965 gall bladder-kidney stone surgery.

Saying the twin operations "will take perhaps less than an hour," Johnson predicted he would remain in the hospital "a very few days," then return to Texas to spend much of the time until Congress reconvenes Jan. 10.

Republicans made bigger-than-expected congressional gains in last Tuesday's national election. But, after citing notable Republican support for administration measures in the past three years, the President concluded this did not mean the country was going to the dogs.

"I think that after an election, our mettle is tested," he said. "We have to look at our weaknesses and try to patch them up, try to develop our strengths."

He forecast a more united Democratic party and a strengthened GOP.

Weather

By The Associated Press

Escanaba and vicinity - Variable cloudiness and a little colder today with chance of snow flurries, high 36. Partly cloudy and colder tonight, low 20. Tuesday, increasing cloudiness with snow or snow flurries likely, little temperature change. Northwesterly winds (15 to 25 mph) today, diminishing tonight. Wednesday outlook: possible snow or snow flurries. High Sunday, 41 and low overnight, 31. Precipitation probabilities: today, 30 per cent; tonight, 30 per cent; Tuesday, 40 per cent.

Tuma And Farrand Among Corpsmen In Ouster From Guinea

WASHINGTON (AP) — Six Peace Corps volunteers from Michigan are among a group of 32 scheduled to leave Guinea Tuesday at the request of President Sekou Toure.

The departure originally was set for today, but the corps said its volunteers, plus six staff members and their two dependents, would not be leaving until Tuesday.

The volunteers and Pan American World Airways have been ordered out of Guinea in retaliation for Ghana's seizure of a Guinean delegation from a Pan American plane. The State Department has repeatedly denied involvement in the affair.

Sons of two UPCAP officials are involved in the ouster of Peace Corpsmen from Guinea in Africa tomorrow.

Gene Tuma, son of Mr. and Mrs. Joseph Tuma of Walled Lake and Escanaba, and Chris Farrand, son of Mr. and Mrs. David O. Farrand of 1406 1st Ave S., Escanaba, are in the group, which also includes William Ramsay, Grosse Points, George McCart, Pontiac; James Bedore, Unionville and Charles Creecy, Southfield, all from Michigan.

Tuma is the son of the executive director of the Upper Peninsula Committee for Area Progress with headquarters in Escanaba, and Farrand is the son of the industrial development specialist for UPCAP.

Christopher Farrand, 25, is a graduate of Hotchkiss prep school and the University of Michigan. He took his Peace Corps training at Southern University, Biton Rouge, La., and was assigned as an agricultural advisor in Guinea.

Gene Tuma is an alumnus of Olivet College and took his Peace Corps training at Southern University, like Farrand.

Farrand had planned to wed on Saturday, Nov. 12 a young woman working in the German embassy in Conackry, Guinea. His parents have not heard from him since late in September.

Tuma called the Peace Corps in Washington and was informed that Peace Corps members who had months to serve would be sent to Sengal or Sierra Leone. Those nearing the end of their service in Africa would be brought home from Guinea.

In Guinea the set-back to American efforts to demonstrate the advantages of free enterprise development also resulted in expulsion of Peace Corps members.

Guinea President Sekou Toure's denunciation of the United States and the ordering of 64 Peace Corpsmen and American nationals out of the country was in retaliation for the arrest of 19 Guineans who landed in Ghana on a Pan American jet. Toure insists that Pan American is an instrument of American policy, although he was told otherwise.

In retaliation, Washington threatens to reduce or cut off aid to Guinea. Behind the misunderstanding in Guinea looms the figure of Ghana's former president Nkrumah, a violent critic of the United States, now in refuge in Guinea.

Anti-Castroites Hit Cuba Plant

HAVANA, Cuba (AP) — The Armed Forces Ministry said today "an unidentified airplane flying from the north" dropped three American-made bombs on the Cepero Bonilla chemical plant in Matanzas, on Cuba's north coast, before dawn Sunday.

A brief communique published by the Communist party paper, Granma, said one of the bombs caused damage "of little importance to the roof of a warehouse." The plane then flew north, the report said.

In a similar attack made by Cuban exiles on the port of Nuevitas in northeastern Cuba late in September, a plane dropped three bombs and one exploded, causing minor damage, according to the Cuban government.

In Miami, spokesmen for the anti-Castro group Revolutionary Insurrectional Recovery Movement—MIRR—said the attack was carried out by the organization.

The group is headed by Dr. Orlando Bosch, a 38-year-old former Cuban physician. Bosch has been charged frequently with weapons and explosive-law violations.

The MIRR has claimed several boats and airplane raids against Cuban installations.

B52s Hit Red Attackers Of U. S. Infantry

SAIGON, South Viet Nam (AP) — B52 bombers struck back today at North Vietnamese troops which inflicted heavy casualties on a U.S. infantry company near the Cambodian border.

The giant Stratoforts, in one of three raids, hammered at North Vietnamese concentrations 16 miles northwest of the Plei Djereng U.S. Special Forces camp. This was near the area where an estimated 500 North Vietnamese regulars attacked a company — 178 men — of the U.S. 25th Infantry Division Sunday.

A U.S. spokesman said the infantry company suffered heavy casualties in the initial Communist assault of a battle that lasted 1½ hours. He said 26 North Vietnamese were killed.

Elsewhere, only small and sporadic skirmishes were reported as the ground war lapsed into a lull. Over North Viet Nam, bad weather limited U.S. air blows again Sunday.

American pilots flew only 71 bombing missions, well below the daily average. The strikes all were in the southern portion of North Viet Nam and five missions hit at Communist positions inside the demilitarized zone.

The battle around the Plei Djereng Green Beret camp, 220 miles north of Saigon, was one of three clashes Sunday involving U.S. 25th division troops.

In the first, a company of infantrymen engaged a platoon of North Vietnamese 18 miles west of Plei Djereng and reported killing eight in a 25-minute fire fight. Two hours later, the same company engaged an enemy battalion in the biggest encounter of the day.

The North Vietnamese broke contact only after the U.S. force brought up ground reinforcements and called in air strikes and heavy artillery barrages.

Catholic Meat Rule Ease Seen

WASHINGTON (AP) — The nation's Roman Catholic bishops convene today for a five-day conference aimed at attuning church practices more closely to modern needs.

Advance predictions were that the "no meat on Friday" rule would be eased — if not abolished. An influential body of opinion in the church considers this firm of penance obsolete.

And if Bishop Fulton B. Sheen, famed for missionary zeal, has his way, the building of expensive churches will be curbed, and more money devoted to the world's poor.

This annual episcopal session of the 261 American prelates — bishops, archbishops and cardinals — is marked by a number of firsts. For one thing, they are to start off by electing a president and vice president from among their number.

Up to now, the senior ranking prelate automatically has presided at the conferences.

The change is part of a decentralization movement within the church around the world. The Vatican Council, 1962-1965, decided that many powers previously exercised by the Pope would be left to the discretion of national church bodies.

Among these is the question of meatless Fridays. The Pope has left it up to church authorities in each nation to rule on the matter.

Stolen Denver Child Back; Woman Is Held

DENVER, Colo. (AP — A 41-hour search by police and FBI agents for a kidnaped baby ended happily Sunday with the safe return of the 3-day-old child to his parents.

The husky son of Mr. and Mrs. William Bacon of Denver was abducted early Saturday morning from a fourth-floor nursery at Colorado General Hospital.

Police are holding Susan Douglas, 29, of Denver, for investigation of kidnaping. Detective Jack Groginsky said the woman, after being advised of her rights, admitted taking the child.

No charges have been filed. Police will discuss the case with Denver Dist. Atty. Bert Keating today.

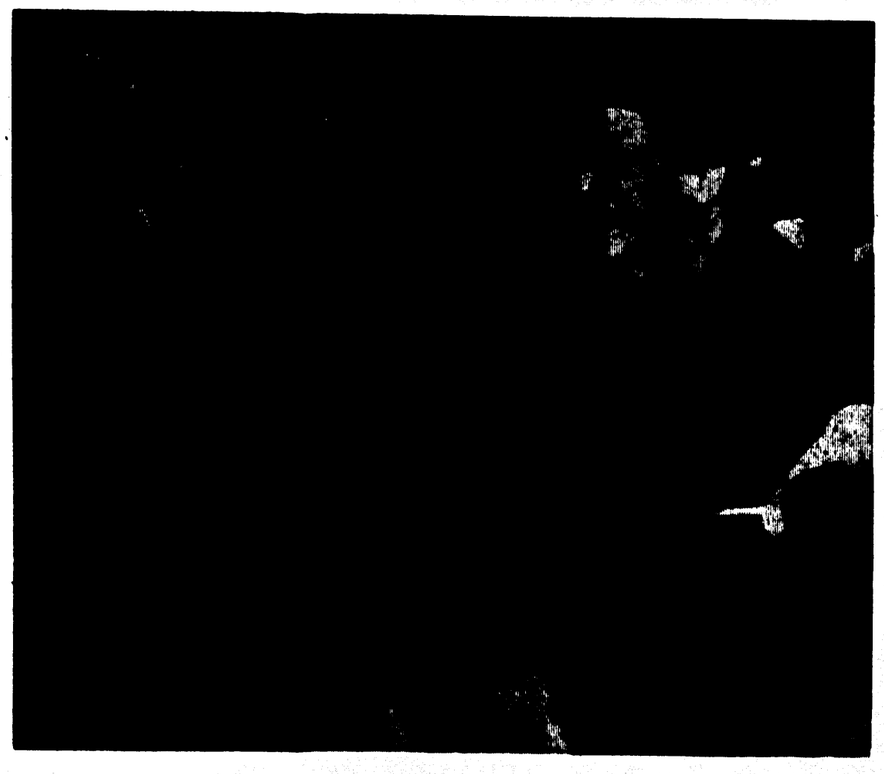
Bacon, 29, and his wife, Rebecca, were overjoyed with the return of their son. Hospital physicians said the 9-pound, 13-ounce baby was in good condition, but had "a touch of a cold."

Detective Dick Rennick attributed the discovery of the child to "good old legwork." Investigators pored through nearly 700 trip tickets from taxi companies before they found one that indicated a trip was made from the hospital area about the time the baby was missed.

Scott Werner, agent in charge of the Denver office of the Federal Bureau of Investigation, said Mrs. Douglas apparently lost a baby by a miscarriage recently.

"Apparently Friday she decided to go to a hospital and get a baby," Werner said. He said Mrs. Douglas entered the nursery that had two babies in it while the nurse on duty crossed the hall momentarily to get supplies.

Gemini 12 Pilot Sets Spacewalking Record



MICHIGAN GOV. George Romney, who ranks high on the list of potential contenders for the 1968 Republican presidential nomination since his election to a third term as governor in the Nov. 8 election, has an informal chat with Mrs. Alice Roosevelt Longworth in a Washington television studio. Mrs. Longworth is the daughter of the late Pres. Theodore Roosevelt and widow of the late House Speaker Nicholas Longworth. Seated beyond her are Mr. and Mrs. J. Willard Marriott. Romney's interview on NBC's Meet The Press was being taped for Sunday television and radio broadcast. (AP Wirephoto)

'Stop Romney' Story Is Untrue Says Goldwater

WASHINGTON (AP) — Barry Goldwater says it's "not true" that he and Richard M. Nixon are collaborating to try to block any bid by Michigan Gov. George Romney for the 1968 Republicah presidential nomination.

But Goldwater, though not closing the door on Romney, said the governor still has "a lot of homework to do" with party leaders to atone for not endorsing Goldwater in the 1964 presidential race.

Romney, meanwhile, said he still hasn't decided whether to run for president.

Goldwater was asked Sunday on ABC's "Issues and Answers" if he were collaborating with Nixon to stop Romney, as the questioner said, "it has been written and reported."

"No that is not true," said Goldwater. "I happen to be a Nixon backer, but I haven't seen Dick Nixon in person in over three months.

Nixon is regarded as another likely candidate for the nomination.

Romney, appearing on NBC's "Meet the Press," continued his move to gloss over old differences with Goldwater.

Though saying "I just haven't made a decision" on whether to run for president, Romney was his most candid so far in acknowledging he is thinking about running.

He and Goldwater did join in attacking Secretary of Defense Robert S. McNamara in the wake of McNamara's announcement that the Soviet Union is deploying an antimissile system.

"Just another incident of where McNamara is not leveling with the American people," said Goldwater.

"Perhaps we have a gap in this (antimissile) respect now as a result of mismanagement of these Democratic administrations," said Romney.

On GOP politics, Romney said, "I am not interested in going back and taking a look at the past."

But Goldwater was interested, saying: "Romney is a Republican. He calls himself one. But it has only been in this campaign that he has publicly done this. Now this may not mean anything to the rank and file American, but it means a lot to those people who work in Republican politics. He has a lot of home work to do and a lot of spade and groundwork to do in the area of the Republican party itself."

Bomb Kills Two On Tanker

SEATTLE, Wash. (AP) — A tanker, with its captain and a motorman dead and seven other crewmen injured from a time bomb explosion, anchored early today off Astoria, Ore. where a search was made for other bombs.

A demolition team from the Naval Ammunition Depot at Bangor, Wash., was flown to Astoria to search the tanker. The team was summoned after a Columbia River pilot taken aboard outside the mouth of the river reported another device resembling a bomb had been found in the master's cabin, and the crew thought there might be more aboard.

The 535-foot Liberian vessel, the Grand Integrity, was off the Oregon coast Sunday, headed to South Korea from Longview, Wash., when the bomb which killed the captain, Ho Lien-siu, and the motorman, Chiu Yungjye, exploded.

The Coast Guard said it had reports from the tanker that the bomb which killed the two men was found in the engine room and the captain had it carried on deck and was photographing it when it exploded.

Grocery Burns

FLINT (AP)—Fire destroyed a Kroger grocery store Sunday, causing an estimated loss of $250,000. Leslie Frazier, 17, a clerk, was burned slightly by falling tar. Investigators said cause of the fire was believed an electrical defect.

Today's Chuckle

A bachelor is a man who has taken advantage of the fact that marriage is not compulsory.

Guerrillas Key To Win: Lodge

WASHINGTON (AP) — The key to victory in the war in Viet Nam is defeat of the Communist guerrilla terrorist force of more than 150,000 men, says Ambassador Henry Cabot Lodge.

"When we have beaten the army of North Viet Nam and the main-force battalions of the Viet Cong, we have simply won the opportunity to get to the heart of the matter, which is more than 150,000 terrorist guerrillas highly organized throughout the country and looking exactly like civilians," Lodge said.

In a copyright interview in the magazine, U. S. News & World Report, Lodge said defeat of the terrorists "involves an enormously elaborate police-type effort in which nine-tenths of the manpower has to be Vietnamese, since it means working elbow to elbow in and among the Vietnamese people."

Blind Opposition Tactics Are Out Says Rep. Ford

WASHINGTON (AP)— House Republican leader Gerald R. Ford of Michigan has the increased troop strength he fought for but plans no "blind opposition" tactics to administration aims when the 90th Congress convenes in January.

The increase of 47 GOP House members is expected to put a brake on at least some of President Jonnson's proposals, but an aide to Ford said the minority leader will not follow a "blind opposition for opposition sake" course.

Ford took over as the Republican leader in the House in 1965 when he ousted Rep. Charles A. Halleck of Indiana, following the Johnson landslide of 1964.

Ford's side said the leadership plan is to offer constructive alternatives to administration programs with the hope the Republican view in many cases will prevail.

It is generally expected that the increased Republican membership along with support from conservative Democrats will prevent passage or at least sharply change the form of various administration-backed programs.

But Ford's aide said there will be no formal coalition with Southern Democrats to achieve this end.

He noted that Ford stated when he ran for the minority leader's post against Halleck there would be no deals with Southern Democrats and his aim was to build up the Republican party in the House.

"That continues to be his policy," the aide said.

To build up the GOP House membership, Ford traveled extensively in 1965 in behalf of the party and this year he neglected his own campaign for reelection to some extent to help others.

Plan Atlantic Splash Return For Tomorrow

CAPE KENNEDY, Fla. (AP) — The Gemini 12 pilots aim today to photograph a wind-whipped vapor stream unleased by a French rocket, then add to their achievements with the last adventure by a U.S. astronaut outside a spaceship until 1968.

A Centaure rocket was scheduled for blastoff at 6:32 a.m. EST from Hammaguir, Algeria, to spew a yellow trail as a photographic target for James A. Lovell Jr. and Edwin E. Aldrin Jr. Success requires split-second timing.

Champion space stroller Aldrin, whose success Sunday proved space walking can be easy and gave America new confidence to go to the moon, plans to poke the upper half of his body out a hatch of the capsule for 40 minutes beginning at 8:47 a.m.

Rocket Vapor

While outside, he was to dump debris and snap pictures of stars in the Milky Way and the constellation Orion, then turn his camera toward earth's horizon to capture a sunrise.

Pictures of the French rocket's vapor, streaming between 38 and 111 miles above the Sahara Desert, will help scientists learn more about high-altitude winds which are as fast as 400 miles an hour.

The next U.S. extravehicular activity is scheduled in 1968 on the fourth manned earth-orbital flight of America's Apollo man-to-the-moon program.

Chatty and cool, former Korean combat pilot Aldrin nearly doubled the record time spent outside a spaceship by one man.

Urges World Peace

Urging world peace from his lofty outpost, Aldrin left in orbit a blue and white nylon pennant the size of a cigar box lid with an American flag on one side and a sign saying: "Nov. 11, Vets Day," on the other, commemorating Gemini 12's launch day.

"I'd like to extend the meaning to include all the people in the world who have been and will continue to strive for peace and freedom in the world," Air Force Maj. Aldrin said.

Later, Gemini 12 played a successful game of space tug-of-war with an Agena satellite tied to the capsule by a 100-foot cord, testing a fuel-saving concept future spacemen may use for repairing or investigating other satellites.

Before bedtime, they separated from the Agena by firing rockets which put them in a lower orbit.

Land At 3:22 a.m.

Tuesday after conducting navigation experiments, the pilots plan to fire retro-rockets about 1:43 p.m. and land about 2:22 p.m. in the Atlantic 700 miles southeast of Cape Kennedy, bringing down the final curtain on America's Gemini program.

Aldrin's success strolling in space Sunday for 2 hours, 9 minutes "demonstrated quite adequately that, with proper restraints and aids, extravehicular activity can be a very successful thing," said mission director William C. Schneider.

After previous space walkers had trouble positioning themselves outside, Aldrin's activities were tailored to see if leverage and fatigue problems could be overcome.

Handholds and foot restraints were attached on Gemini 12 and the Agena. Tethers around his waist enabled Aldrin to fasten himself like a window washer while doing nut-and-bolt type tasks at work stations.

Pacing himself so heart and respiration rate stayed low, Aldrin even had time to wipe Lovell's window.

Saturday and Sunday, Aldrin accumulated a space endurance record of more than 4½ hours.

Next Walk: 1968

CAPE KENNEDY, Fla. AP — Spacewalk champion Edwin E. Buss Aldrin Jr. sat back down in Gemini 12 today and closed the hatch, ending the last American excursion in space until 1968.

Delta Roads Get $62,998

LANSING — The apportionment of federal matching funds for construction on state and county secondary roads is announced by State Highway Director Howard E. Hill.

Hill said Michigan will receive $8,535,549 in federal funds for secondary road construction during the fiscal year starting next July 1, slightly less than was received for the current fiscal year because Michigan's county road mileage increase was not as large as the national average increase.

The Highway Department will retain approximately 40 per cent of the funds or $2,981,553 for use on its secondary system.

The state's 83 counties will receive $5,425,963.

Each County Road Commission must match the federal funds on a 50-50 basis and they may be used for construction purposes only. The money is allocated to the counties on the basis of land area, population, and road mileage.

A county-by-county breakdown of the apportionment includes:

Delta — $62,998, Dickinson—$41,187, Schoolcraft — $49,020, Alger — $40,909, Luce — $38,403, Mackinac — $49,140.

Huge Conservation Plan To Be Presented Next Month

The Michigan Conservation Department has called representatives of organizations concerned with recreation and conservation to a Dec. 6 meeting in East Lansing to hear a preliminary "Michigan Outdoor Recreation Plan."

It would cost $376 million over a 10 year period, of which $278.5 million would have to be income not now in sight from existing conservation financing.

The program, one of the things recommended by Governor Romney's special committee study of the state's conservation program in 1963, would greatly upgrade the state's provisions for outdoor recreation for its own people and for its recreation business visitors. Most of the spending would be downstate, where the lack of adequate outdoor recreational areas is most acute in the metropolitan areas, but there would be substantial benefits for the Upper Peninsula, too, in acquisitions of forest lands strategic to hunting access, in the provision of forest campgrounds, and in fish and game development programs and aid to local governments in providing more public facilities for recreation.

Millions For Fish

The main elements of the proposal are:

1. A fisheries program costing $49 million of which $36.4 million would be new money. It would acquire or provide in the Upper Peninsula 45 miles of stream frontage and access, 140 pike spawning marshes, a new fish hatchery, remodeling of two hatcheries, 76 fish ladders, weirs and other fishery devices, 10 fishing facilities at harbors and piers. The fishery devices would increase the miles of usable streams for anadromous fish like the Coho salmon and steelhead (lakegoing rainbow) trout being introduced in the U.P.

2. Forest recreational projects costing $7 million of which $6.3 million would be new money. In the U.P. it would provide 1,250 acres of campgrounds, 1,100 campsites, 600 miles of roads, 500 miles of trails, and 8,000 acres of access lands to complement the deer management land acquisition programs.

Parks Get Most

3. Wildlife programs costing $26.3 million of which $18 million would be new money, including acquisition of 25,000 U.P. acres for deer management areas and 15,000 acres for habitat for waterfowl, prairie chickens and sharptailed grouse.

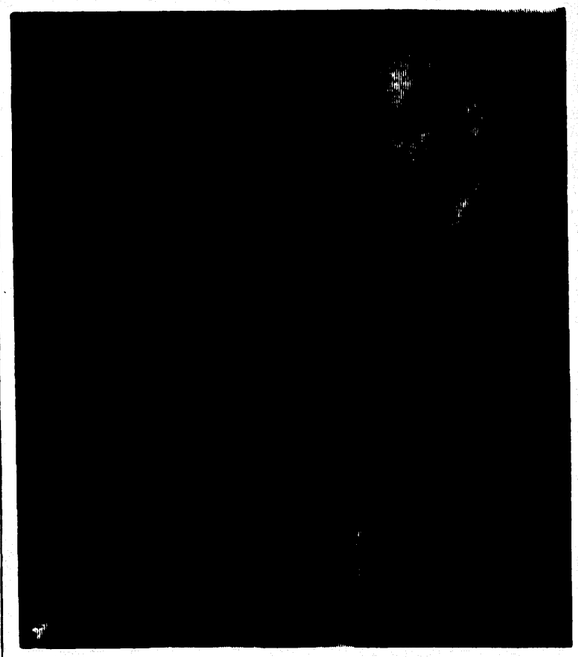
4. State parks would get $150 million, the biggest single package, of which $105.8 million would be new money, with 72 per cent of the budget assigned to improvements. Park lands would be increased by 47 per cent. U.P. campsites would be increased from 2,180 to 5,080, or 133 per cent, car spaces from 2,720 to 5,720 or 110 per cent, and land from 84,060 acres to 108,960 acres, or 30 per cent.

5. Waterways and boating would get $84.5 million of which $52 million would be new money, to increase and improve lake access, etc.

Phenomenal Growth

The planners propose to get the extra money for the program by using more (80 per cent) of the tax on gas used by boats for waterway developments; increasing the fishing license fee $2, the deer license fee $2.50, the small game license fee $1, and the annual charge for state park use from $3 to $5 and the daily fee from 50 cents to $1.

Conservation leaders have watched the phenomenal growth of recreation in the past 10 years with concern. "We have not yet conditioned ourselves, as a people," says Glenn C. Gregg, deputy conservation director in charge of recreation, "to the idea that a new way of life has become established in America in the last decade. We might call this 'The Leisurely Life,' and recreation resources and facilities are going to have to move very rapidly to keep even vaguely within reach of the needs of this way of life. We must, as a state, shift gears and forget precedents of the past to cope with these really massive challenges. If we don't we are going to be very sorry indeed."



ROBERT BENJAMIN SMITH, 18, arrives in justice court at Mesa, Ariz., for arraignment on charges of killing five women and children Saturday. He is guarded by Mesa policeman Gordon Worley. (AP Wirephoto)

Wished Name In Headlines; Mesa Youth Kills Five

MESA, Ariz. (AP) — A young man who felt nobody cared for him was under psychiatric care today, after the pistol killing of four women and a little girl because he "wanted to see the headlines with my name in them before I die."

Robert Benjamin Smith, 18, who told police his violent outburst Saturday morning in a local beauty college was inspired by recent mass killings in Chicago and Austin, Tex., remained in Maricopa County jail, scheduled for intensive psychiatric study and treatment before his Dec. 15 preliminary hearing on five counts of murder.

Mesa police continued to fill in missing pieces of the youth's bizarre explanation for the slaying of strangers. A justice of the peace hoped to impanel a coroner's jury today.

Killer Used Pistol

The dead were patrons or employes of the Rose-Mar College of Beauty, where Smith ordered five women and two children to lie in a circle on the floor, heads together, then walked around the circle, laughing and firing repeatedly with a .22 pistol at the backs of their heads.

Dead are Joyce Sellers, 27, a customer and the wife of an elder of the Church of Jesus Christ of Latter-Day Saints (Mormon), the dominant religion in this city of 50,000; Deborah Sellers, 3, her daughter; Mary Margaret Olsen, 18, beauty college student and fiancee of Mrs. Sellers' brother-in-law; Glenda Carter, 18, also a student beautician; and Carol Farmer, 19, a customer and wife of an Air Force man stationed in Alaska.

Two Survive

The two survivors are Bonita Sue Harris, 18, a third student beautician, who suffered head and arm wounds, and Tamara Lynn Sellers, 3 - month - old daughter of Mrs. Sellers. Tamara, victim of a minor arm wound and a skull fracture, was found sobbing under her mother's body. Both Miss Harris and Tamara were reported in satisfactory condition.

Police said Smith, described by schoolmates as "a loner" and a "strange and different" boy, offered no resistance when police burst into the shop. Told of his right to remain silent, officers said, the youth nonetheless gave a lengthy statement.

Area Students Stage Comedy Here Tuesday

"Gramercy Ghost" will be staged at Escanaba Area High School tomorrow and Thursday nights at 8 in the auditorium. Tickets can be obtained at the door.

The two-act comedy, by John Cecil Holm, is about a young business woman living in New York City who inherits a colonial ghost, who is an old Revolutionary War soldier revived.

Mrs. Clara H. Lang is director, Peter Adamini is technical director and Dennis Zannetti is assisting the director, and student director is Don Nyquist.

Pupils having the leading roles in the play are: Kathy Johnson, Tom Lang, John Vader and Al Gossan. Other members of the cast include Carol Paulson, Cindy Ottensman, Jim D. Smith, John Stoll, Pam Costley, Kathy Pryal, Sally Barrett, and Carol Thibodeau.

Junior Marine School Named

HARLINGEN, Tex. (AP) — The commandant of the Marine Corps presents colors today to the first military school to be designated a junior Marine Corps officer training unit.

Gen. Wallace Green Jr. will make the presentation in ceremonies at the Marine Military Academy, a private prep school established last year. It has 150 cadets in four high school grades.

Ruppe Confers On Toll Action

HOUGHTON—Congressman-elect Phil Ruppe's office announced today that Governor George Romney and Ruppe met today in Washington, D.C. with officials of the Upper Great Lakes Development Commission to discuss tolls on the Mackinac Bridge.

Ruppe said the Commission was instituted to bring economic progress to the northern regions of Michigan, Wisconsin, and Minnesota. "Both the Governor and I feel," Ruppe said, "that removal of the tolls on the Mackinac Bridge will stimulate development in the entire tri-state region, and the Governor was anxious to begin preliminary discussions at an early date."

Ruppe will return to Michigan on Tuesday where he and his wife Loret are planning a swing through the entire 11th District "to thank the supporters and voters who made my election possible."

August Anderson Dies Saturday, Services Tuesday

August Anderson, 93, of Wilson, died at St. Francis Hospital Saturday morning. He had been ill a week.

Mr. Anderson was born Nov. 24, 1872, in Varmland, Sweden. He came to Escanaba in 1892.

He operated a dairy farm in Schaffer until 1930, when he retired. He had lived in Wilson for the past 15 years.

Mr. Anderson was a member of the Salem Lutheran Church of Bark River.

Survivors include one daughter, Mrs. Emil (Alma) Myrvall of Wilson; one stepson, Herman Hawkinson of Escanaba, four grandchildren, 11 great grandchildren, and one great, great grandchild.

Friends may call at the Boyle Funeral chapel at Bark River from 3 to 9:30 p. m. today. Funeral services will be held at 2 p. m. Tuesday at Salem Lutheran Church with Rev. Charles Beckingham officiating. Burial will be in Lakeview Cemetery. The body will be taken to the church one hour before services.

Board Meeting Set Tonight At Flat Rock School

The Board of Education of the Flat Rock Public School will meet in the office of Supt. Leo Brunelle at 7:30 tonight.

On the agenda are:

Contracts for a kindergarten teacher and teacher's aide; opening of bids for blacktopping at the garage and the playground.

Report on the meeting at Grand Rapids of the Michigan Association of School Board Members and Superintendents.

Acceptance of two new buses, one a 72 passenger and the other a 16-passenger vehicle; and a final review of the school district budget.

Adolph Dahl Presented With Legion Award

Adolph Dahl of the Rheaume Knauf Post No. 438 of Bark River has been awarded a blazer jacket as an individual membership prize, it is reported by the Michigan Legionnaire mazagine. He enrolled Harlan Dahl as a new member.

Dahl is 75 years old and a 46-year member of the American Legion and has four sons and a son-in-law in his post. In the past eight years he has missed only one post meeting.

He was recently honored with a party and a life membership by Post 438. He was reported as winner of the Legion award at the fall conference in Kalamazoo.

Clement Wood wrote the words to the songs, "Glory Road" and "Shortenin' Bread."

Hospital

Mrs. Peter Wurth of Escanaba is a patient at St. Francis Hospital.

Planning Faulty; Ecology Ignored Says MSU Prof

OREGON, Ill. (AP)—At present rates, five or 10 giant urban clusters, separated by 1,000 giant corporation farms, will dominate the American landscape by the year 2,000, says a Michigan State University professor.

"Man now badly needs to pen and unify his understanding of himself and nature and do his planning through the perspectives of natural and human ecology (the science of relationships between organisms and their environment)," said Dr. Sanford S. Farness, professor of urban planning and landscape architecture.

In a speech to conservation educators at Northern Illinois university, Farness added,

"Most of our present federal programs are both unecological and uneconomic in their consequences."

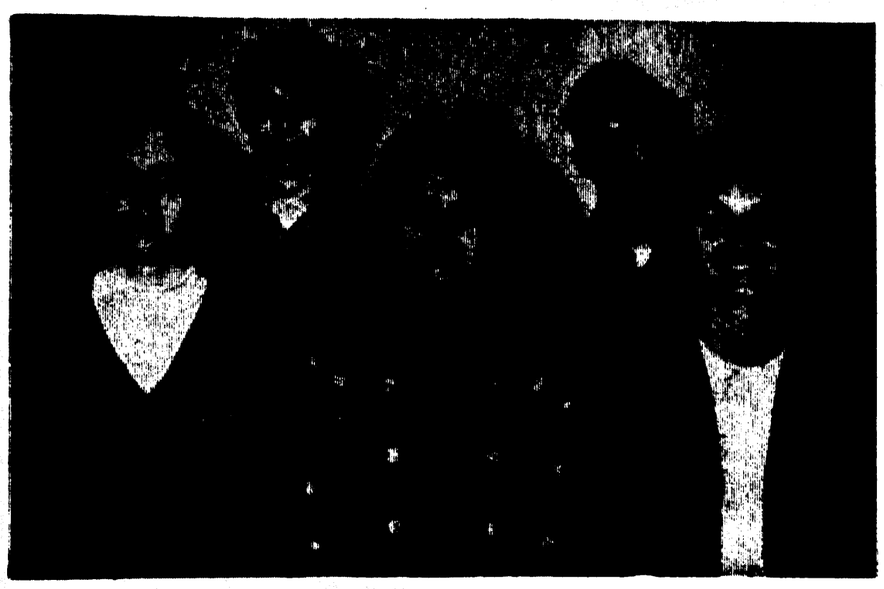
Today's problems, he said, include increasing needs for urban land, water supply, waste disposal, flood control, forests, parks and open spaces.

Growing urban centers, he added, create more problems — sharply rising noise levels, transportation demands and distribution costs.

He called for an immediate review of programs, like pollution control, that influence agricultural and urban effects on man's environment.

As the western states have learned, "the availability of water determines land values and land use," he said.

What the country needs, Farness added, is a new type of institution: Environmental centers jointly created by federal, state and local governments. They would combine the functions of research, extension services, adult education and environmental planning.



OFFICERS OF CHAR-CO, one of the three Escanaba Junior Achievement companies are, from left: Ann Hall, secretary; Mike O'Leary, president; Joannie DeGrand, vice-president of manufacturing; James Beckstrom, vice-president of sales, and Kathy Engman, treasurer. The company is manufacturing charcoal starters. The advisors are Ben Sandefur, Dennis Willey, Henry Clark and Dwayne Burak.

New Methodist Merger Voted

CHICAGO (AP) — The merger of two churches into the largest Protestant sect in the United States, the United Methodist Church, with 11,081,000 members, has been approved by delegates of the two churches.

In separate meetings in the same hotel here, delegates to the general conferences of the Methodist Church and the Evangelical United Brethren Church voted overwhelming approval of the merger.

The Methodist Church, with 10,331,000 members, is now second in size to the Southern Baptist Convention with 10,393,000 members. Merger with the 750,000-member EUB would make the new church the nation's largest.

The merger, which must be ratified by regional conferences of the two churches, carried 749-40 among Methodist delegates. EUB delegates approved by a 325-88 vote.

Who Got Your Deer?

The buck you might have shot this deer season in the Upper Peninsula may already have been killed — by a violator.

No one knows how many deer are killed illegally in Michigan, but the number must run into tens of thousands. John Anguilm, who was a Michigan Conservation Department official in Marquette until his promotion last year to chief of the department's law enforcement division estimated about 50,000 deer are taken illegally every year in the state. And the department believes the illegal kill is increasing.

For this reason the state plans a crackdown this year on unlawful hunting, including headlighting, killing does and fawns without permits, shooting from cars, taking more than one deer, switching tags, etc.

★ ★ ★

To step up its law enforcement, the department has increased its conservation officer force to 167 and has trained 600 other department employes in game law department also adopted the use of unmarked cars th department also adopted the use of marked cars this year in hopes of curbing violations and is employing undercover squads.

Collectively, these measures should bring about a reduction in violations and an increase in apprehension of violators.

But to obtain maximum success, the beefed-up enforcement needs the support of the public, and Conservation Director Ralph A. MacMullan has issued an appeal to one part of the public — the members of organized sportsmen's clubs — for help.

★ ★ ★

In a letter to these clubs, he wrote: "Conservation law violations are increasing, in both numbers and seriousness, despite our department's best efforts to control them.

"These violators have reached a point where we are convinced they make a real drain on the deer herd, reducing chances for you and other law-abiding sportsmen to fill your license legally.

"Nothing we can do will solve this problem unless we also have the help of aroused sportsmen who not only obey the laws themselves but who are determined that others must also obey it."

★ ★ ★

MacMullan suggested that law-abiding hunters can help the department by providing information on violations that they see or hear about and going to court as witnesses, if necessary, to help secure convictions.

"Sportsmen in the past have sometimes been reluctant to inform on others," he said. "While we can understand this feeling, we think it's out of date. It is time we all banded together in a common effort to clamp down on the cheaters."

MacMullan didn't mention it, but there is another area from which important assistance should come in the effort to curb game law violations. This is the courts.

In all too many instances game law violators are given sentences not at all related with the seriousness of their offense. The penalties sometimes amount to less than the dollar value of the game taken illegally.

Vigorous prosecution of game law violators, coupled with penalties to fit the offenses, would have a marked effect on the frequency of these crimes.

"Now if We Could Just Get Down to Earth!"

Farm Bureau Calls Land Tax Law Folly

LANSING (AP) — Michigan farmers say the state's tax policy not only is cutting unfairly into their pocketbooks, but also is chopping wastefully into Michigan's supply of prime crop land.

The 55,000 - member Michigan Farm Bureau has argued for years that property taxes place an unfair burden on farmers.

"A century or more ago, property was a good measure of wealth and ability to pay, but this is no longer true," says a resolution passed by the Bureau at its annual convention last week.

Property taxes gobble up an average of 14 per cent of a farmer's income, compared with 3 to 4 per cent of an urban family's earnings, and farmers pay all other taxes, including many business taxes, the Bureau said.

Now, the Bureau says, tax expenses sometimes become so high that the farmer sells good crop land to urban developers for homes, shopping centers and other buildings.

Farm Land Needed

"Future leaders may look back at the folly of our unwise land use," says another resolution passed last week.

The resolution urged laws to protect prime agricultural lands by requiring tax assessors to consider only agricultural factors—not potential value of the land to developers—when assessing land used only for farming.

It said 10 or more other states have taken such action, and quoted from a Maryland State law that it is in the public interest "to prevent the forced conversion of . . . open space to more intensive uses as a result of economic pressures caused by the assessment of land at a rate . . . incompatible with the practical use of such land for farming."

The Maryland law lists as its aims the encouragement of farming to maintain a food supply source close to metropolitan areas and preservation of open spaces "as an amenity necessary to human welfare and happiness."

In its tax reform resolution, the Bureau said a 1965 Kansas State University study showed that farm property taxes per acre in Michigan climbed by 242 per cent between 1950 and 1963, compared to a national average of 107 per cent.

"We call attention to the fact that no end is in sight for the continued rise in property taxation unless the Michigan tax structure is modernized," it said.

It recommended a statewide "broad-based tax on net income, with definite provisions to lower taxes on property."

Two earlier recommendations on taxes, however, were not on this year's list. Instead, the Bureau commended the Legislature and Gov. George Romney for approval of two tax relief bills " of extreme importance to Michigan agriculture."

These were elimination of the tax on farm personal property—the exemption from assessment of fruit and Christmas trees, shrubs, plants, bushes and vines.

Oppose Toll Rise

But one other possible rising cost worried the more than 500 voting delegates at the convention — a proposed rate increase on the St. Lawrence Seaway.

"Expansion of foreign markets is vital to Michigan agriculture," the Bureau said. "Michigan farmers now depend on foreign markets for sale of nearly one half of our normal bean and wheat production."

It added: "We in Michigan are most fortunate to be in a favorable position to expand foreign markets. This is due to the St. Lawrence Seaway, which permits ocean-going ships to come to our ports....

"We recommend any necessary move to maintain low freight rates on the St. Lawrence seaway," said the Bureau.

Rocket Maker Quietly Proud

ELKTON, Md. (AP) — The thrill isn't what it used to be for H.G. Jones, general manager of the Thiokol Co.'s propellant plant which made the retro-rockets for the Gemini series spacecraft.

"It's sort of routine by now," says Jones. "After the first flight, you expect it to go well."

Jones spoke with pride about the four 13-inch, solid-fuel rockets to be used by astronauts Edwin E. Aldrin Jr. and James Lovell Jr. to bring the Gemini 12 back to earth Tuesday.

He said the celebration among the plant's 550 workers would be limited to a public address announcement when the astronauts are back safely.

"You've got to have a sort of quiet jubilation in a propellant plant," he said. "You can't let anyone get too happy."

Frank S. Gibson Is Heart Victim

GRAND RAPIDS (AP) — Frank S. Gibson Jr., former chairman of the board of the Gibson Refrigerator Co., died Sunday of a heart attack.

The 63-year-old Greenville resident was stricken in his Greenville home and taken to Blodgett Hospital in nearby Grand Rapids where he died within an hour. He had suffered another heart attack last summer.

Gibson was executive vice president of the family business until it was sold to Hupp Corp. in 1956.

Funeral services will be held Wednesday in Greenville.

Ho Aim: Reds Vs U.S.

By RAY CROMLEY

SAIGON (NEA)—By U. S. military standards, what Ho Chi Minh is now doing makes no sense.

He's throwing major units of his professional mainline armies against better-armed Americans heavily supported by air power. As his units are chewed up, he throws in new ones. He's losing a great many men.

It's unlikely Ho hopes for a major psychological - military victory of the type Gen. Giap won against the French at Dien Bien Phu.

To understand what Ho is up to, it is necessary to go back to Mao Tse-tung's strategic theories of two decades ago. In the Yenan days, Mao's top officers would talk about strategic techniques at length, even to foreigners.

If these theories apply today, Ho's mainline expeditionary forces have three immediate aims:

First—They're out to kill as many U. S. troops as they can. Never mind that the North Vietnamese losses are dreadfully heavy. The aim is to kill Americans; not win battles.

Mao theory is that to cut one unit to pieces, even if you lose the battle, is more impressive psychologically than to win victories over 10 units.

To accomplish this, Ho is willing to accept heavy losses.

Second—Ho's men are out to capture major pieces of U. S. equipment. These will be paraded in hamlets to show that Ho's men can "conquer" the "invincible" U. S. weapons which have impressed so many Asians.

Time after time in the past 25 years both Mao and Ho have willingly sacrificed large numbers of men when necessary to acquire one tank, one armored weapons carrier, a certain type of artillery or some other particularly deadly type of French or American equipment—for show.

Third—Ho's armies are attempting to turn this into a war between the Communist and the American armies, bypassing the Vietnamese army where possible.

This, too, is psychological. Hanoi wants the South Vietnamese to say: "Ho is fighting the Americans, not us. It's an American war, not our war. This war is between the Americans and the Communists. What is it to us?"

Fourth—Ho's men want to impress the people of South Viet Nam that whether the Red armies win or lose, they are able to "take on" the Americans.

This thought should, the Mao-Ho theory goes, cause South Vietnamese government troops to be wary about fighting the northern mainline troops "who even fight Americans head on.

It should, according to this Red theory, cause people to remember that sometime the Americans will go home and then "we will have to make our peace with these strong northern armies."

It is too early to tell how effective these Mao-Ho tactics will be.

High-placed Vietnamese army officers with whom this reporter has talked are working on the problem. They don't yet have a solution.

Letters To The Press

Contributions are welcome. They cannot be over 300 words and must be signed with name, address and phone number of writer and names will be used. The right to condense letters is reserved.

Mr. John W. Besse, President
Northern Michigan Spliced Veneers, Inc.
Gladstone, Michigan

Dear Mr. Besse:

Congratulations on the formation of your new company to produce spliced hardwood veneers. Your operation will represent a major contribution to the economy of the Gladstone area by utilizing the wood resources available and providing new jobs.

Numerous studies have indicated that your type of industry offers great hope for increased employment in the Upper Peninsula. It is gratifying to learn that your company has joined the others utilizing one of Michigan's major natural resources.

Best wishes for the greatest success.

Sincerely,
George Romney
Governor of Michigan

Escanaba Daily Press:

We thought you might like to see a copy of a letter Governor Romney has sent to a growing industry in your area. Because new facilities mean more jobs and a higher economy, the Governor appreciates the opportunity officially to recognize the contribution such capital investments represent.

As you know, industry in Michigan is expanding at a very favorable rate. During the past two years industrial expansions announced in the State were in excess of three billion dollars. When the facilities are constructed and reach full employment, it will mean more than 200,000 new jobs for Michigan citizens.

Equally important is the fact that so many of the plants are being located in every part of the State. This means small communities, as well as large industrial centers, are gaining substantial benefits from Michigan's economic growth. It is also encouraging that new industries and expansions are providing employment for all job levels from the unskilled up to the highly skilled and technical.

J. C. Sutton, Jr.,
Office of Economic Expansion
Michigan Department of Commerce

Ann Landers

Date-Form Is Dumb, Confidence Needed

Dear Ann Landers: I'm a girl 16 years old and a junior in high school. I have one date a week, usually on Saturday night. Sometimes I go out on Friday night, too, if there is something special going on.

My mother has decided that I must fill out a date-form. She wants me to answer about twenty questions. Here are some examples:

(1) Name of your date, his age, and his address.
(2) Occupation of his father.
(3) Where did you go?
(4) How much money did he spend?
(5) Did he try to kiss you?
(6) Did you let him?
(7) Do you think he will ever amount to anything?
(8) Would you like your children to look like him?

I think these questions are dumb. Furthermore I resent the whole thing. Will you please tell me if I am a rebellious and headstrong teenager, as my mother says, or do I have a right to be bugged?—INSULTED

Dear Insulted: Your mother should know the name of every fellow you date because you should have introduced each one. She also should know where you are going for the evening. But the other questions, particularly Number 8, are indeed dumb and I don't blame you for being resentful.

Your mother should stop playing twenty questions and display more confidence in your judgment.

★ ★ ★

Dear Ann Landers: I am burned up about that asinine letter to Dottie—the girl who was engaged at 18. Her dear friend who married at 18 wrote to warn her of the dangers of being a teen-age bride.

From the looks of your picture in the paper you can't be more than 40 year old and I happen to know you are a grandmother. So—how old were you when you were married, Ann Landers? And how old was your daughter? Some people find it very easy to give advice to others but they don't follow it in their own lives.

I am enclosing a self-addressed envelope because I know you will never print this letter and I would like an answer.—MRS. R. D. K.

Dear Mrs. R. D. K.: Thank you for the compliment, but I'm over 40. Would you believe 48?

I was married at 21, after 3½ years at Morningside College. I have since regretted that I didn't stay in college and get my degree. Our daughter was married at 22, after four years at Brandeis University.

P.S. You are right. It's easier to give advice than to take it.

★ ★ ★

Confidential to Loused Up Lou Who Needs Words To Live By: At least you know you are loused up, so all is not hopeless. The best words I can give you at the moment are borrowed from W. J. Boeticker. He said, "Most people in trouble are victims of the Mischievous Misses: Miss Understanding, Miss Information, Miss Interpretation, Miss Representation, Miss Conception, and Miss Behavior."

★ ★ ★

To solve some of the frustrations, disappointments and disillusionments of married life, send for ANN LANDERS, booklet, "What To Expect from Marriage," enclosing with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

SOUTH
♠ 8
♥ A Q J 10 6 4 3
♦ A 3
♣ 8 5 4

East-West vulnerable

West	North	East	South
	Pass	Pass	4 ♥
Pass	Pass	Pass	

Opening lead—♠ K

South's four-heart call was an all-purpose bid. He wasn't sure that he would be able to make it. In fact, he rather expected not to make it: on the other hand his partner had passed as dealer, the opponents were vulnerable and South was really afraid of the spade suit.

We don't give our full seal of approval to South's bid but we have always felt that a player who makes such bids should be able to get maximum mileage out of his cards when he get around to playing the dummy.

West opened the king of spades and continued. South ruffed the second spade and led a club to dummy. East dropped the nine spot. Then South finessed the heart unsuccessfully.

If West had been one of those wooden type players he would have led another spade but West had seen his partner's nine of clubs. West led a second club. The defense wound up with one trick in each suit and 50 points on their side of the ledger.

South explained that if the trump finesse had worked he would have made his game and that East and West could have made three spades. He was right about all that but he should have made his contract.

There is no rule requiring declarer to play trumps right away. South was looking at a potential loser in clubs but he had a potential spot to get rid of that loser. South should have played ace and another diamond the first time he was in. West's best defense would be to take his king and shoot a diamond back. South would play low from dummy and ruff. Then he could lead out ace and another trump and it wouldn't matter where the king was. South would be able to get rid of the losing club on the queen of diamonds.

CARD Sense

Q—The bidding has been:

West	North	East	South
3 ♠	Dble	Pass	?

You, South, hold:
♠ 4 3 ♥ K J 7 6 ♦ Q 9 8 7 5 ♣ J 2
What do you do?

A—Bid four hearts. You want to gamble on the major suit.

TODAY'S QUESTION

Your partner bids to four spades. What do you do now?

Answer Tomorrow

The Alps are Europe's most popular and spectacular scenic attraction. Sonw-covered granite peaks overlooking pastoral valleys extend 680 miles from southern France to the Danube plain.

Sigma Delta Chi Beats Move To Admit Women

PITTSBURGH (AP) — Frank Angelo, managing editor of the Detroit Free Press, was elected treasurer Saturday of Sigma Delta Chi, professional journalism society.

The organization held its annual convention last week. The society defeated proposals calling for the admission of women as members and a change in the society's name.

Other officers named were Robert White II, co-editor and publisher of the Mexico (Mo.) Ledger, president and board chairman; and Tom Storke, editor-emeritus of the Santa Barbara (Calif.) News Press, honorary president.

Staley McBrayer of the Fort Worth (Tex.) News Citizen, was named first vice president; Warren Agee of the William Allen White School of Journalism, vice president for campus affairs, and William Arthur of Look Magazine, secretary.

Soviets Build Antimissile Net

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara says the Soviet Union is deploying an antimissile system and the United States is considering whether to set up one.

The cost of such a system designed to fend off long-range ballistic missiles would be enormous, ranging perhaps as high as $80 billion.

McNamara made his statement, believed to be his first public comment on the Soviet defense system, to newsmen gathered at President Johnson's Texas ranch. He said he and the President had discussed the antiballistic missile system and will have further talks about them.

The defense chief stressed there is "no question of our capability to penetrate Soviet defenses with missiles and aircraft" at this time.

He said the Soviet Union started laying out an antiballistic missile (ABM) defense some time ago and "we must assume" for planning purposes that it will be effective when it is fully activated.

Picket Hospital

HIGHLAND PARK (AP) — Picketing by non-professional workers at Woodward General Hospital continued Sunday in protest over the suspension of two stewards. Hospital authorities said the two men instigated a work slowdown. Absence of some 30 employes caused the hospital to halt admissions of new patients.

FIFTY-SEVEN Christmas packages are being sent to U. S. troops in South Viet Nam, all members of the 551st Transportation Co. The gift parcels, containing powdered milk, candy, books, games, vitamin pills and other items, are from the 57 members of the Alpha Xi Delta Sorority at Northern Michigan University, Marquette. Shown with some of the packages are sorority members, from left: Sandra Boes, Sturgeon Bay.; Kris Engberg, Ontonagon; Carole Eberle, Iron River; Mary Beth Levine, Ishpeming; and Connie Calkins, Marquette. The project was undertaken as result of correspondence between Miss Boes and a former high school classmate, Pfc. Michael Chisolm, a member of the 551st. (NMU Photo)

A Sincere "Thank You"

I am deeply appreciative of the vote given me in Tuesday's election and will do all in my power to merit your confidence.

It is my earnest desire to serve ALL the 11th district with vigor and enthusiasm.

PHIL RUPPE

Congressman-Elect

Manslaughter

PONTIAC (AP) — Tony Gonzales, 21, of Pontiac faced arraignment on a manslaughter charge today in the gunshot death of a 14-year-old Pontiac girl Saturday. The victim, Barbara Noells, died shortly after she was struck by a bullet discharged from a gun held by Gonzales, police said.

Campaign Literature Fits Change Makers

BENTON HARBOR (AP) — Some 10,000 pieces of campaign literature circulated in this area have aroused the interest of the FBI and Treasury Department.

Paul Clark, an unsuccessful Democratic candidate for the State Senate in the election, distributed the leaflets—vague representations of dollar bills which bore the legend "Worth 1,000 Good Wishes" and the picture of a donkey.

The "bills" were the same size as dollar bills and, police said, someone has discovered they fit perfectly in dollar bill changing machines at several area laundromats.

Several of the "good wishes bills" have turned up at laundromats in nearby Benton Township, police said.

Clark said as soon as he heard what his material was being used for, he alerted the FBI. He said the Treasury Department has notified owners of establishments using the machines to watch for further violations.

OIL HEAT OR GAS?

6 questions to ask yourself before you spend hundreds of dollars.

1 Which is more modern—oil heat or gas?

The answer may surprise you. Oil and gas are equally modern. Their equipment looks alike and performs alike. Their efficiency is rated equal by the Public Housing Administration. There's only one difference. You save the cost of converting to gas. Modernize with AMOCO* Sta-Warm oil equipment. It matches any made—gas or electric. And you don't have to pay for a "gas line".

2 Which costs more—oil heat or gas?

Gas does, if you now have oil heat equipment. Consider these costs. You can pay hundreds of dollars to have a new gas heating system installed. Your pilot light can cost about $10 a year. You can be penalized for late payment of monthly gas bills. You have none of these with oil. Before you spend needlessly—compare.

3 Which offers better service—oil heat or gas?

Standard Oil Hot Line Heating Service offers an insured budget plan to spread your payments. Sta-Ful automatic Delivery of oil. Exclusive Sta-Clean Additive to protect your equipment. Service so fast we can be on the way 60 seconds after you call. Modernization now, on easy terms, for less than gas conversion costs.

4 Which heats water faster—oil or gas?

Oil heaters do. 3 times faster. Our 30-gallon AMOCO Sta-Warm Water Heater has 3 times the recovery capacity of gas-fired heaters. And costs less to operate. You can run your faucet for 25 years, and never run out of hot water.† Heats water as fast as it will flow.††

†Above estimate is based on a faucet rated not more than 1½ gallons per minute.
††Our water heater will recover 90 GPH . . . 100 degree rise.

5 Which is cleaner—oil heat or gas?

Heard the old wives' tale that oil heat is dirtier than gas? It's totally untrue. Both are equally clean. Chemical analysis shows it's cooking fats, tobacco smoke and airborne dust that cause dirt—not heating.

6 Is it worth the expense to convert to gas?

Put it this way. Why spend heavily for gas if you can't get any more than you get from oil right now? Aren't there other things you'd rather do with the money? Remember—there is no type of heat more modern than oil heat, with new Standard Oil Hot Line Service. It's the service that has revolutionized oil heating. So get the facts first. You risk nothing. You may save a lot.

Don't buy the "Gas Line" until you call Hot Line.

Furnace Fumes Fatal To Four

DETROIT (AP)—Police said fumes from a malfunctioning stoker-fed coal furnace asphyxiated four persons in an East Side home Sunday.

The owner of the home and a number of animals were not harmed.

The victims were Mrs. Rose Richardson, 50; her nephew, Richard Womack, 5; Eddie Jones, 47, and Mrs. Carrie L. Coffee, 40, both roomers.

Gordon Murray, an assistant Wayne County medical examiner, said all four victims died of asphyxiation from carbon monoxide fumes.

Police Detective John Jacobs said a separation was found in pipes leading from the stoker to the coal furnace and that the fumes apparently leaked out and seeped into air vents leading to various rooms in the two-story house. A stoker is a conveyor device which automatically feeds coal into a furnace at a prescribed rate.

Mrs. Richardson's husband, Grady, 51, told officers he discovered the bodies when he awoke at 2:30 p.m. Sunday.

Two rabbits kept upstairs and several dogs in the basement were found unharmed, Jacobs said.

Guards Wreckage, Hit By Bullet

BEEVILLE, Tex. (AP) — A Naval airman, wounded by a rifle bullet Saturday as he stood guard over the wreckage of a jet plane, has been identified as Thomas M. Craig, 19, of Big Rapids, Mich.

Craig, son of Mr. and Mrs. Howard D. Craig, was reported in satisfactory condition.

Authorities said the young airman apparently was accidentally shot by a hunter as he stood guard at the wreckage of a plane which crashed last week, killing a student pilot.

Women's Activities

Lemmer, Meyers To Be Guests At Womans Club

The Escanaba Woman's Club will hold its regular monthly meeting on Wednesday afternoon, Nov. 16, at 2 p.m. in the Pride Room of the Chamber of Commerce Building.

John A. Lemmer, former Superintendent of Schools and Robert E. Meyer, Junior High School teacher, will present a program of slides and conversation on "A Century of Progress in Education".

As co-chairmen of the committee for the Centennial Celebration of the Public Schools in Escanaba, these men have done extensive research into the history of the community and the part the schools played in it.

They have compiled information one the people who were prominent in the teaching profession, in sports, in music and in civic affairs and they have gathered together pictures depicting many of the highlights of past years. They plan an informal presentation as they recall memories and relate amusing incidents as well as some of the major changes and accomplishments of the schools up to the present.

Members are reminded to bring small Christmas gifts for the Delta Convalescent Home patients. These should be wrapped, but clearly labeled as to contents.

Hostesses for the day are Mrs. John A. Lemmer, chairman, Mesdames, A. C. Anderson, Arne Arntzen, Luther Barrett, John Holland, Clifton Reno, and W. P. Schuldes.

Mrs P. Snyder Guest Speaker At Newcomers

The Welcome Wagon Newcomer's Club will hold their November meeting on Tuesday at 8 p.m. at St. Stephen's Episcopal Church.

Mrs. Paul Snyder of Wickert's Flower Shop and Greenhouse will be the special guest and will present a program on using flowers in the home for the approaching holiday season. Mrs. Snyder will have several completed arrangements and will also demonstrate holiday arrangements using both fresh and artificial flowers.

Club events for the coming months will be discussed and final plans will be made for the Christmas dinner dance, "A Midwinter Night's Dream," to be held Dec. 3 at the Terrace.

Members are asked to bring scissors to the meeting to assist the decoration committee with a project for the dance. Dance tickets will be available at the meeting.

All Newcomers to the Escanaba area are cordially invited to attend. Dessert and coffee will be served.

Lloyd Bruces Honored On Silver Anniversary

BARK RIVER—Mr. and Mrs. Lloyd Bruce of Bark River were honored Saturday night with a reception and program in Salem Lutheran Church on the occasion of their twenty-fifth anniversary.

Lloyd Bruce and the former Betty Erickson were married Oct. 26, 1941 in Central Methodist Church in Escanaba by Rev. Karl Hammar. They were attended by Philip Norman of Bark River and Marion Aley, now Mrs. Francis Gray of Escanaba. Both attendants attended the anniversary festivities and Norman acted as master of ceremonies for the program which was presented at 8 p.m.

Mrs. Bruce is the daughter of Mr. and Mrs. August Erickson of St. Paul, Minn., formerly of Escanaba and Mr. Bruce is the son of the late Mr. and Mrs. Helmer Bruce of Bark River.

Mrs. John D. Krause and Mrs. Hjelmer Stenberg were in charge of program arrangements and presented the folloying: "O Perfect Love"; Scripture and prayer by Pastor Charles Beckingham of Salem Lutheran; presentation of corsage to Mrs. Bruce by Mrs. Carl Konkel, president of the Lutheran Church Women; Songs, "The Home in Which Thy people Dwell" and "Bless This House", by a trio composed of Miss Janics Bolm, Mrs. John Krause and Mrs. Robert Bell, accompanied by Mrs. H. Stenberg; Memoirs, an original reading by Rev. Karl Hammar; Closing hymn, "Blest Be the Tie that Binds."

For the reception Mrs. Bruce received her guests wearing a powder blue dress with jacket and matching accessories. The tables were decorated with flowers and silver candles flanking the wedding cake made by Mrs. Bruce and decorated by Mrs. Arthur Fournier in white and silver. A daughter, Kristine Bruce and Mrs. Robert Bergstrom, Jr., served the cake and Mrs. Roy Bergstrom presided at the coffee service.

The Bruces have five children, Mrs. Kenneth (Lynn) Casperson, Battle Creek; Jan, a sophomore at Houghton Tech; David, a sophomore at Bay de Noc Community College, Kristine and James, at home, and two grandchildren.

Hoehn, Wood Top Duplicate Game

Clair Hoehn and William Wood of Gladstone won the weekly duplicate bridge game of the Elks Bridge League Saturday night at the Elks Club.

Other pairs playing over 50 per cent were: 2, Mr. and Mrs. Kibby Treiber; 3, Mrs. Gus Dehlin and Mrs. James Ferguson; 4, Mrs. Ernie Belanger and Mrs. John Sankovitch; 5, Mr. and Mrs. Elmer Feldt; 6, Mrs. Clair Hoehn and Mrs. William Wood; 7, Mrs. Peg Poffenberger and Clyde Anderson; 8, Mrs. Jack Beck and Mrs. Frank Bourke; 9, Mr. and Mrs. Clyde Lepisto; 10, Mr. and Mrs. Harry Needham.

The club will play again at 7:30 p.m. next Saturday.

Powers-Spalding

Snowmobile Club

An organizational meeting was held at the Big R Cafe on Thursday evening to form a snowmobile club. An explanation was given by Mr. and Mrs. Bernard LeBoeuf.

Election of officers took place and they are: President, Al Kinberg; Vice President, Earl Weissert; secretary, Mrs. Sam Strand, Treasurer, Mrs. Kenneth LeBoeuf; Publicity Chairman, Mrs. David Draze; Planning Chairman, David Draze with co-workers, Wayne Miller, Mrs. Al Kinberg and Mrs. Donald LeBoeuf, Mrs. Earl Weissert will look into the project of obtaining insigna patches and decals.

The next business meeting will be held early in December.

Two business meetings a year will be held, one in November, a social gathering, and one in April, a dinner meeting. It will be known as the Powers-Spalding Snowmobile Club.

The Powers-Spalding School will be closed today for deer hunting and Nov. 24 and 25 for Thanksgiving vacation .

Bark River

The Rheaume Knauf American Legion Auxiliary will meet at 8 p.m. today at the legion clubrooms. Initiation and a reception for new members will be held.

Small fry usually like plain cookies put together with a date filling. To make the filling, simmer pitted dates with a little orange juice; add grated orange rind.

Mrs. Chauncey Hanson — (Gordon Nelson Photo)

Sharon LeMay Bride Of Chauncey Hanson

St. Anne's Church in Escanaba was the setting Saturday, Oct. 15 for the double ring ceremony uniting in marriage Miss Sharon Marie LeMay of Willow Creek Road and Chauncey J. Hason of Ishpeming.

The Rev. S. Marcotte officiated at the nuptials at 12 noon.

Parents of the couple are Mr. and Mrs. Stanley LeMay of Escanaba and Mr. and Mrs. E. C. Hanson of 2010 Jackson Ave., Ishpeming.

White Brocade

The bride chose for her wedding a floor length gown of white brocade styled with an Empire bodice with beaded trim. Her sleeveless brocade coat styled with loose pleats flowed into a chapel train.

A scalloped lace headpiece trimmed with pearls held her illusion veil and she carried a bouquet of carnations, white orchids and cascading ivy.

Serving as matron of honor was Mrs. David Wilson and bridesmaid was Mrs. Gerald Taluttie, sister of the bride. They were attired in floor length gowns of gold brocade and crepe styled with matching coats. Their flowers were arrangements of fall colored carnations with sprays of wheat.

Flower Girl

Carrie Jo Moreau, a cousin of the bride was the flower girl and she was attired in a miniature replica of the bride's gown. Rodger DePetro, a cousin of the bridegroom, was the ring bearer.

Edwin Fletcher served as bestman and Ray Peterson was groomsman.

For attending her daughter's wedding, the mother of the bride wore a royal blue dress fashioned with a bell skirt and navy and white accessories complimented her attire. Mrs. Hanson selected a three piece green and gold brocade suit with matching accessories.

Reception

The wedding reception for 300 guests was held at the Midway in Gladstone. The rehearsal dinner was served Friday evening at the Stone House.

Following a wedding trip through Wisconsin, the newlyweds are now at home at 148 W. Superior St., Ishpeming.

The bride is a graduate of Holy Name High School and is presently employed at the Michigan Employment Security Commission in Marquette. Mr. Hanson graduated from Gravereat High School, attended Northern Michigan University and is employed in the Geology Dept. of Cleveland Cliffs Iron Co.

The Senior Citizens Social Club will meet Tuesday, Nov. 15 at 7:30 p.m. at Club 314. The business session will be followed by lunch, cards and dancing.

hints from Heloise

By HELOISE CRUSE

Dear Heloise:

Recently I received a lightweight jacket with a pocket on the left sleeve about where the muscle should be!

It's practically unnoticeable but real handy to put your cigarettes and lighter when you are just "going next door" or "across the street."

The thought occurred to me that women could put this little lefty-sleeve pocket on about any blouse or housedress! My wife has since added a pocket to three of hers.

Last week, my gal (whom I have been married to all these 33 years) bought a remnant of plaid material on sale and took all her white blouses and put a "pocket on her left sleeve" and she also covered the collar piece to match.

She sure started a new fad in our neighborhood.

This would be wonderful for children and husbands to carry things in and it looks real sporty.

Bernard Benson

★ ★ ★

Dear Heloise:

For filling a modern, wide-mouthed pepper shaker, without "funnel fussing," use a baby's first-feeding spoon. The long handle and small bowl fit perfectly into both the pepper can and the shaker.

I have used this method and never spilled a speck.

Bette Barnes

★ ★ ★

Dear Heloise:

Instead of ironing dark clothes on the wrong side, then spray-starching them, which causes inverted creases... I just spray as usual, then rub my hand over the fabric.

This way, the material absorbs the starch, and there are no white "specks."

Linda Kuhn

★ ★ ★

Dear Heloise:

My son has some sport shirts which he no longer cared to wear because they weren't in style with the teen set any more.

They hung in the closet for a long time until I decided what to do with them.

I bought percale material (two yards was plenty) and made pajama pants, then used the shirts for the tops.

I might add that I wore them—not my son!

A.E.L.

★ ★ ★

Dear Heloise:

I have an idea on how to avoid burned fingers and a grease spattered stove when frying meat.

I used to put a bakery pie pan (aluminum with holes in it) upside down on top of my skillet, when cooking meat that splatters. But I usually burned my fingers, and pot holders got dirty.

So, I asked my husband to put a wooden knob on the bottom of the pie pan—now no more burned fingers or dirty pot holders. My splatter-catcher looks like a regular boiling pan lid with small holes in it.

Florence R. Jeannin

★ ★ ★

Dear Folks:

Why don't you try using some plastic curtains (bought at your dime store) to make dust ruffles for a child's bed?

These plastic curtains come in so many beautiful, bubbly, and rough designs and colors that they look almost exactly like gorgeous material.

A pair usually costs much less than a dollar.

And while you're at it, buy another set to use as curtains in that room and have a darling matching decor.

If you have pinking shears, use them to cut the ruffles to size, to add to their attractiveness.

A hem can be made along the top of the strip of curtain, and it can be gathered with elastic. The elastic may be pinned to the boxspring welt on each side of the bed with a safety pin!

And that's about all there is to it.

One thing a dust ruffle does, besides being pretty, is prevent dust and dirt from getting under the bed.

Heloise

★ ★ ★

Dear Heloise:

In a rush for an early morning appointment, I discovered I was out of cream or milk for my coffee.

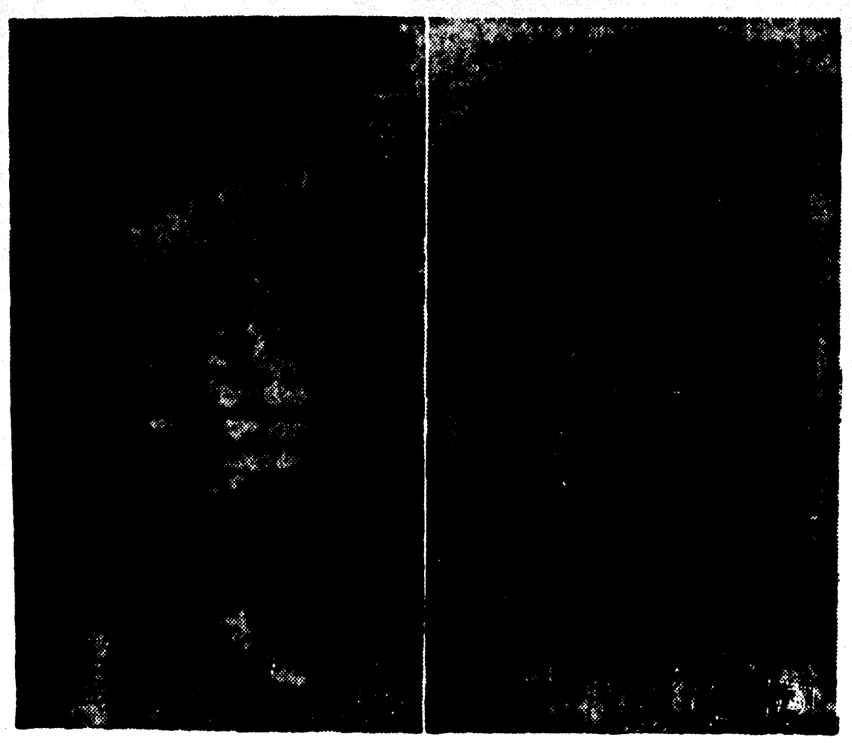
I at once thought of the vanilla ice cream in the refrigerator.

I put a little of it in my cup of coffee. Presto! I've never had a better cup of coffee.

Nell Montgomery

THE LITTLE WOMAN

"I've had an absolutely miserable day—unless you take me out to dinner!"



A NEW SOPHISTICATION creeps into babyland with a group of styles for infants. Good companions are the bulky white Orlon cardigan (left) with contrast cuff striping and knit cotton mock jumper dress with white yoke and turtle neck. Pin dot knit (right) in cotton and stretch fabric includes pants and overblouse that is gathered from the yoke and accented by reverse pin dot print on collar and cuffs. It has floral applique.

Hospital

Admitted to Schoolcraft Memorial Hospital were Janice Burns, Nina McGlynn and Laura Martin.

Discharged were Louise Marcus, Helen Dorenbecker, Wilma Reed, Lester Goudreau, Leonard Winding and Lillian Houghton.

Births

A son weighing 6 pounds 4 ounces was born Nov. 11 in Schoolcraft Memorial Hospital to Mr. and Mrs. Thomas J. Klarich, Rte. 1. The mother is the former Marsha Rich.

Mr. and Mrs. Arnold S. Burns, 214 N. 3rd St., are the parents of a daughter weighing 7 pounds 7 ounces born Nov. 11 in Schoolcraft Memorial Hospital. The mother was formerly Janice McLear.

Reuther Asked To Policy Meet

NEW YORK (AP) — Joseph Curran, head of the National Maritime Union, said Sunday he has urged Walter Reuther to reconsider his decision to stay away from a three-day AFL-CIO policy meeting this week.

Curran, president of the 50,000 member NMU, said in a telegram to Reuther, head of the United Auto Workers, that staying away from the meeting would be "reason to doubt your sincerity" in helping to set up the agenda for the meeting.

The policy meeting of the AFL-CIO Executive Council opened in Washington, D.C. today. Reuther has said he won't be able to attend the conference because of contract negotiations in Detroit but it has touched off speculation over differences between Reuther and George Meany, AFL-CIO president.

Eating Snake Is Wrong Sundays!

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

In these inflationary times even the cost of sleeping is going up. Americans now spend $58 million a year on sleeping pills and potions.

Fat does run in families, just as most of us have suspected for some time. A scientific study of 1,000 fatties found that 73 per cent had at least one obese parent.

Wouldn't you like to live in Japan? Men retire there at the age of 55. The catch is that the average annual income in Japan is only $370 a year.

Most men probably would prefer to be a steeplejack than drive a nitroglycerin truck for a living. But the steeplejack's job is actually three times as risky.

QUOTABLE NOTABLES: "It is desperation, not love, that makes the world go round." — Author Thomas Merton in "Conjectures of a Guilty Bystander."

ODD LEGISLATION: An old law in Kansas forbade the eating of rattlesnake meat in public — or the eating of any snake on Sunday.

MAN AND MOUSE: Man, if you're like a mouse, you'd better beware strenuous weekend exertions after five sedentary days in the office swivel chair. Researchers have found that mice subjected to sudden and unusual exercise developed more heart disease than those which were exercised regularly.

There has been a marked change in the typical drug addict, according to U.S. authorities. A generation ago he was a 40-year-old Southerner who took morphine. Today he is a 27-year-old New Yorker who uses heroin.

SALESMANSHIP IN THE FAR EAST: Some Japanese insurance firms are hiring widows to sell life insurance. Their sales pitch: "If my husband had taken this policy, I wouldn't be here now trying to sell it."

THE PRICE OF INEXPERIENCE: Only five states require special tests for motorcycle drivers, and yet — a recent study showed that 20 per cent of those hurt in motorcycle accidents were taking their first or second ride.

HOUSEHOLD WARNING: Mother, don't leave bottles of furniture polish around. It causes more lung damage than any other liquid accidentally swallowed by toddlers in the home.

HISTORY LESSON: Can you name the first U.S. president who regularly wore long trousers instead of knee breeches? He was James Madison, the fourth president, who served from 1809 to 1817.

FOLKLORE: Opening an umbrella in the home will bring bad luck. Waiters believe that if they break a dish their tips will be low for the rest of the day. To cure the whooping cough, sew a live, fuzzy caterpillar in a cloth sack and wear it around your neck. Place a piece of iron under your doorstep to keep witches away.

Peace, it's wonderful, but it is so hard to find now that, surveys show, more than 25 per cent of American adults take some kind of tranquilizing drug.

SENATOR Thomas F. Schweigert (R-Petoskey) right, assumed the mantle of Senate president pro tempore in the new Michigan Senate alignments following the return of control to the Republicans for the coming four-year term. Senator Robert Vanderlaan (R-Grand Rapids) chosen majority floor leader, and Senator Emil Lockwood (R) majority leader, confer at the pre-session caucus Thursday. Schweigert will head up the powerful State Affairs Committee in addition to his No. 2 position of power in the coming session. The GOP will hold a 20-18 edge over the Democrats when the new legislature convenes next January.

Int'l Nickel To Up Output

TORONTO — Directors of the International Nickel Co. of Canada, Ltd. have authorized immediate development of the company's Pipe Lake ore deposits in northern Manitoba as part of the company's program for bringing into production high cost, low grade ores which are not economic at the nickel prices heretofore prevailing. The related capital costs of the Pipe Lake project are estimated at $100 million.

The Pipe Lake deposits are located some 20 miles south of the Thompson Mine. Indications are that they contain considerably more than 100 million tons of ore sufficient to support large and steady production for many years. Board Chairman Henry Wingate said, "We will begin at Pipe Lake with open pit mining, followed by underground operations. At the outset there will be a massive job to remove the muskeg and the clay overburden. Also it will be necessary to build a 45-mile railroad line connecting both the Pipe Lake and the Soab mines with the mill at Thompson.

"It is entirely clear," Wingate said, "that prompt and extensive development of high cost, low grade ores is essential to assist in meeting the mounting world requirements of nickel and to avoid a permanent imbalance in supply and demand."

While this imbalance has been accentuated by the recent strikes at International Nickel's Ontario facilities, and while some of the present demand is attributable to stepped up U. S. defense requirements, the demand for nickel has outstripped production in recent years. Inco's accumulated inventories and U.S. Government surplus stockpile nickel, both now largely depleted, have helped to fill the gap.

In light of this necessity and the impact of the greatly increasing costs, the directors approved increases in the company's prices for primary nickel throughout the world. In the United States the new price for nickel oxide sinter 75 will be 81c per pound for Nickel Oxide Sinter 90 it will be 81.25c per pound and for electrolytic nickel 85.25c per pound. These new prices, restore the 2-¼ price reduction made in 1962 and add a further 8-¼ for sinter and 5-¼ for electrolytic nickel.

Austria Links To West Issue In Soviet Talks

VIENNA, Austria (AP) — Neutral Austria's plans for close links with the West European Common Market may be a key issne this week in talks between visiting Soviet President Nikolai V. Podgorny and Austrian leaders.

Podgorny is to arrive today on his first official trip abroad since he became head of state last December.

An informed source said Soviet Foreign Minister Andrei Gromyko, in a recent meeting with Toncic at the United Nations, warned that his government would consider any form of Austrian assocation with the Common Market incompatible with the country's neutral status.

Criticism Brings Prof's Dismissal

WEST LONG BRANCH, N.J. (AP)—Joseph A. Greene, an assistant professor of English at Monmouth College, says he has been dismissed for his outspoken criticism of the school's administration.

Greene, 35, a former University of Michigan faculty member, said he received a letter Friday from Dean of Faculty Everett V. Holt relieving him immediately of all academic responsibilities and dismissing him as Dec. 1.

Greene said the letter criticized his public statements, especially those in press releases, supporting two students who were suspended for circulating an unauthorized publication on campus.

Viet Nam War Theft Enormous

SAIGON, Vietnam—(AP)—Among the familiar byproducts of war are theft, bribery, black marketeering and currency manipulation.

In the Vietnam war these influences have developed on an unprecedented scale for the size of the war.

Military equipment and post exchange supplies disappear in small and large quantities. Rice imported from the United States to feed the South Viet Nam people reaches the consumer in many cases after 200 per cent markups to line the pockets of middleman profiteers—and sometimes it reaches the Viet Cong. There is counterfeiting. There are black market currency deals. There is plain ordinary political corruption.

A study by Associated Press reporters found that hundreds of millions of United States taxpayer dollars have gone, and are going, down the drain.

How Much — $500 million, $750 million, a billion?

Knowledgeable people in Viet Nam cite loss percentages ranging up to 40 per cent.

On just economic imports and post exchange supplies the loss figure which crops up most often is 20 per cent.

The figure of 5 per cent is consistently cited as the probable loss in straight military aid items.

Based on the $715 million annual economic aid and surplus food programs and a PX supply inflow of nearly $150 million a year, a 20 per cent loss in those areas alone would mean a United States taxpayer bill of nearly $175 million in the fiscal year that ended in June or nearly $500,000 daily. And that was only one year.

A 5 per cent loss on military aid would translate into even more colossal sums.

In the last 10 years, the United States has spent more than $5 billion in direct economic and military aid to South Viet Nam. That does not include the billions now being spent on the massive American involvement in the fighting.

Within the last fiscal year, United States aid to keep the South Viet Nam army in the field and to prop up the civilian economy has drawn about $1.2 billion for the U.S. treasury.

Seek Price Probe

DETROIT (AP)—The United Auto Workers union has called for a congressional investigation of prices and profits of the agricultural implement industry in connection with rising food prices.

Pat Greathouse, a UAW vice president and chairman of the union's Agricultural Implement Department, said in a statement that the farmer and consumer "deserve to know what's behind these price increases."

Greathouse said price increases by implement producers were unjustifiable. He said the increases averaged 3 to 5 per cent. He accused the producers of "price gouging."

SCORING A STRIKE against heart disease is Marie Mushro of Sioux City, Iowa, whose life was saved by open heart surgery seven years ago. Miss Mushro, a University of South Dakota coed, prepares to roll the first ball in National Heart Bowling week Nov. 14-20. The nationwide benefit is aimed at participation by 10 million league bowlers and 30 million other bowlers.

DURHAM, N.C. (AP) — Dr. Albert N. Whiting, dean of faculty at Morgan State College, Baltimore, Md., has been elected president of North Carolina College.

Over 100 Million Cargo Tons Will Go Through Soo

SAULT STE. MARIE (AP)—The Soo Locks are expected to handle more than 100 million tons of cargo this year for the first time in nine years, the U.S. Army Corps of Engineers said today.

Carl Miller, chief of vessel operations at the locks, said that more than 98 million tons have passed through the locks since their April 1 opening.

He said he expected a yearly total of about 102 million tons to be handled at the locks before the season closes Dec. 15.

The last time the locks exceeded the 100 million ton mark was in 1957, when 112 million tons of cargo passed through. Best year ever was 1953 when more than 128 million tons were handled.

Some 12 million tons passed through the locks during October, Miller said. More than 8 million tons of that total were iron ore; 2 million tons were grain.

All but about 200,000 tons of the grain total consisted of wheat, most of which was Canadian wheat for shipment to Russia.

Body Found Near St. Ignace May Be Murder Victim

ST. IGNACE (AP)—State Police said Sunday that a body found some 30 miles northwest of this Upper Peninsula community may have been a murder victim.

The victim, a male in his early 20s, had what appeared to be a bullet hole in the skull, police said.

Marvin J. Redmond, 39, of Inkster, told officers he came upon the body Sunday while hunting with a group of companions in a wooded area near Noggles Creek in Mackinac County.

Police said no missing person reports were on file in the area. The body was taken to the University of Michigan Medical Center at Ann Arbor for examination.

Holly Pilot Signs Up For 100 More Combat Missions

HOLLY (AP)—A letter to his parents told why the youngest American pilot to have shot down a MIG-17 over Viet Nam won't be home for Christmas.

First Lt. Karl Richter, son of Mr. and Mrs. Ludwig Richter, wrote his parents that he is staying in Viet Nam for his second 100 missions because he is just hitting his stride. The Air Force Academy graduate signed up for another 100 missions Oct. 13. Pilots are eligible to rotate back to the United States after 100 combat flights.

"People are only just starting to do effective work after 60, 70 or 80 missions," he wrote. "At 100 you're really getting your stride for good work."

Richter's letter said that for the first time in his life, "I'm going something I really like to do."

The 24-year-old pilot said that he believes in what he is doing in Viet Nam. He called his combat missions "sort of a PhD. in professional weapons" and he said that combat flyers are doing a job instead of just training.

Richter's father said he doesn't think his son volunteered for his second 100 missions solely out of a sense of duty.

"I think he likes it," said the elder Richter, "pure and simple."

New Cuba Airline

MIAMI, Fla. (AP) — The state-owned Cubana Airlines has begun service between Havana and Holguin, in eastern Cuba, with six recently purchased Soviet-built airliners, Havana radio reported.

The 600-mile route is to be flown by the Atnonov 24 planes, which carry 50 passengers and cruise at 360 miles an hour.

Kill Bit Above 1965

Deer Opener Snowy Here

The deer hunt which opened Saturday had fewer hunters in the Escanaba District of the Conservation Department —it includes Delta and Marquette counties and the west half of Alger — and the kill was about the same as on the opening weekend a year ago, or up a little in some areas.

The Conservation Department reported hunt conditions were generally good, with a snowfall on Friday night to provide fresh tracking snow throughout the district. In the north it fell on crusted earlier snow which made walking somewhat noisy. Saturday was cold and Sunday was warmer.

Hunting pressure was lighter than a year ago in some zones and a little heavier in others. There were fewer hunters in the Ensign, Gladstone and Munising areas, more of them along the Whitefish. Normal numbers were reported at Chatham, Rock, Trenary and Escanaba.

Hunter success was reported about normal generally and better than in 1965 at this time of the season in some areas, including the Stonington Peninsula, where conservation officers saw more deer hanging than a year ago and where the proportion of sizeable antlered bucks seemed heavier than in some of their areas.

In Delta hunter concentrations were reported on Stonington and in the Cornell and Rapid River-Whitefish areas; in Marquette along the Middle West and at Watson and in Alger in the Trout Lake areas.

One bear was reported killed on Stonington and the chipmunks still are lively so the bears are not believed hibernating. In the district four officers reported more deer killed than a year ago, two reported fewer, and 5 reported about the same number. The northernmost officers don't report to Escanaba and their reports aren't included.

A DAY AND A HALF of hunting in the Menominee State Forest brought this bag of four bucks, including a 200-pounder with 16-point antlers. From left: Mrs. Lester Johnson of Ingallston, Harold Bertrand of Menominee, Mickey Johnson, and Lester Johnson of Ingallston. The hunt in the Cedar River area seemed generally successful with 6 deer in a camp of 14 hunters being tops for the first two days and with most buck poles swinging a deer or two. (Daily Press Photo)

A. Ruohonen Taken By Death

Anselm Ruohonen, 67, of Rte. 1 Rock, died at the family home on Saturday afternoon. He was born Oct. 5, 1899 in Finland and was a retired farmer and logger. He was a veteran of World War II and a member of the American Legion of Rock.

Surviving are one son, Wesley of Orlando, Fla., a brother, Donald of Chicago, a sister, Mrs. Harvey Juhola of Ishpeming and three grandchildren.

Friends may call at the Anderson Johns Funeral Home from 6 to 9:30 p.m. today and funeral services will be conducted at 11 a.m. Tuesday at the Faith Lutheran Church in Rock with the Rev. Reuben Carlson officiating. Burial will be in the Rock Cemetery. The body will bere moved to the church one hour before services on Tuesday.

Ether was first used in surgery in 1846.

With The Deer Hunters

Deer hunting is for senior citizens as well as the youngsters, and one of the more experienced nimrods in Delta County is Art Chamberlain of Old State Road. He is 80 years young, but that was no deterrant to bagging what other hunters called "the biggest doe in Delta County."

Chamberlain was hunting near Felch when he brought down the deer on Saturday, opening day of the season. Last year Chamberlain wasn't successful in the hunt, but the big one this year helped make up for it. Mr. and Mrs. Chamberlain live on Old State Road.

Two successful hunters reported kills out of Camp Bogitaem on the Stonington Peninsula this weekend.

Dale Flynn of 421 S. 9th St. on Saturday begged a spikehorn whighing 110 pounrs, and Tom Hughson of 1643 16th Ave. S. in the afternoon brought down an eight-pointer weighing 170 pounds.

George Sealander of 1026 Stephenson Ave., shot a 10 point buck at 5:30 p.m. Sunday while hunting from the Oliver Mikala camp in the Houghton area.

Succesful hunters at George Freidgen's "Big Buck" camp northwest of Perkins were Harry Jackovitch, 1307 Montana Ave., Gladstone, a 6-point, 130 pounder Saturday, and Duane Thorbahn, 1010 Michigan Ave., Gladstone, an 8-point, 200 pounder Sunday.

Ronald C. Dufour of Willow Creek Road bagged a 140 pound doe at 7:45 p.m. Saturday in the Boney Falls area. He was hunting with Charles Perryman Sr. and Lawrence Makosky.

Richard VanAcker, 1023 6th Ave. S., dropped a 5-point, 145 pound buck about 8 a.m. Sunday while hunting from the Arne Ogren camp near Cornell.

Keith Grabowski, 15, of 1420 18th Ave., So., a student at Holy Name high school, shot his first buck, a 4-point, 145-pounder, while hunting Saturday at the Al Ness camp. Bob Snyder, 16, brought down a 6 point, 160 pound buck at 8:30 a.m. Saturday at the Wickert camp at Faunis.

Altar Society Meets Tuesday

The St. Joseph Altar Society will meet Tuesday, Nov. 15 at 8 p. m. in the parish hall. Election of officers will take place at this meeting.

Members are reminded of the Thanksgiving Clothing Drive, Nov. 12, 13 and 14. Persons who can help pack clothes are to be in the basement of the church at 9 a. m. Tuesday.

Mrs. Eldridge Baker and Mrs. Irvin Cashin are in charge of the social and they will be assisted by the Mesdames, Harold Frederickson, George Frasher, Robert Hirn, Nap LaChapelle, Gilbert LaChapelle, John Meiers, Herman Polmateer and Miss Eileen Cahill.

Inflation Hikes Price Of Brides

By JERRY BUCK

NEW YORK (AP) — Those who think inflation is strictly a phenomenon of Western civilization haven't had to ante up cowrie shells lately to buy an African bride.

Time was when a young swain needed only two of these small, colorful shells to complete a deal with a bride's family. Now, in the Cameroons, it takes 15,000 to 50,000 cowries.

On Santa Cruz, in the British Solomon Islands, the price of a bride has gone up to at least 10 feather coils and specialists have taken control of the whole business from the bird catching to putting a price on a coil.

In primitive areas of the world, principally remote regions of Africa and Oceania, brides are still purchased with ages-old mediums of exchange. And just about everywhere the price has gone up — and up.

A study of this practice, along with a collection of money, goes on display today in an exhibit called "The Price of a Bride" at the Chase Manhattan money museum at Sixth Avenue and 50th Street.

For the most part wife-buying is now symbolic and the cowrie shells, feather coils, porpoise teeth, Yap stones and all the rest becomes status symbols for the bride's family, said Caroline Harris, director of the money museum.

"We were curious to know the amount the young 20th century tribesman must pay to secure a dutiful, hard-working wife," said Mrs. Harris. "We found that practices are not strikingly different from what they have been in the civilized parts of the world.

"The price of a bride depends on the wealth of the suitor. Naturally, the more he has, the more he pays."

Mrs. Harris said the families don't regard themselves as selling a child.

"When they lose a daughter to marriage, that means one less person to do the work, so they must be compensated for that loss," she said.

Poachers Drop $600 In Court

Three Lower Michigan men who tried headlighting deer and then attemped to outrun Michigan Conservation Officers had a $600 hole bored in their pocketbooks with a shot of law in Justice A. Mortier's court at Gladstone today.

They are:

Ronald L. Strohl, 24, Milford, driver of the car, who paid fines and costs of $82.30 for headlighting deer and $104.30 for failing to stop for the Conservation officers.

Michael R. Denby, 25, of Southfield, and Daniel E. Vail, 24, of Detroit, who each paid $82.30 fines and costs for headlighting deer.

The men entered pleas of guilty to the charges when they were arraigned today in Justice Mortier's court.

Besides the fines and costs, the court ordered the Department to confiscate the men's rifle, valued at an estimated $250.

Conservation officers saw the men shining a light along County Road K-10 on the Stonington Peninsula and attempted to stop the car driven by Strohl. The Department's car was fully marked and lighted so the identity of the officers was clearly visible.

For about one and one-quarter miles along the road Strohl attempted to block and elude the officers by ramming and sideswiping their auto. Both vehilceswere damaged.

After the men were halted, officers had the assistance of residents of the area in locating the rifle, which the Lower Michigan men had tossed out along the roadside. Officers said people of the Stonington area had expressed resentment at the nightly headlighting going on there.

Hospital

Mrs. Lucille Johnston of Grand Rapids underwent surgery last week at the Butterworth Hospital in Grand Rapids. Her room is 245. Mrs. Robert Boyle also had surgery last week at St. Luke's Hospital in Marquette and her room is 203. They are the daughters of Mrs. Albert Kositzky of Escanaba.

Rattlesnakes do not always rattle before they strike, nor do they have to coil before striking.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.

This substance is now available in *suppository or ointment form* under the name *Preparation H®*. At all drug counters.

It never touches a drop.

You couldn't put water in a Volkswagen if you wanted to. Or anti-freeze either.

The VW engine is cooled by air. It doesn't have a radiator. Or any of the usual radiator problems.

No hose to leak or clog or run up costly repair bills.

Nothing to overheat or boil over in hot weather. (You never see a VW cooling off by the side of the road.)

Nothing to freeze in cold weather. The money you save on anti-freeze is a dandy little dividend.

You get more dividends when it comes to gas and oil.

The VW averages 32 miles to the gallon of gas. Sometimes even more. Sometimes a little less. Depending on how you drive.

You can almost forget about oil. The VW rarely needs it between changes.

Tires go a long way, too. Common wear is 40,000 miles.

Maybe that's why so many people are going Volkswagen. It's not a car that spends your money like water.

A request by Marinette High School for membership in the Fox Valley Conference was tabled at a recent meeting in Appleton . . . Granted membership to the conference was Appleton East, making it an 11 school league.

Warren Groleau Back At Nahma As Cage Coach

NAHMA — Warren Groleau, all-time basketball great at Nahma High School, returns to coach the sport at his alma mater this season.

Groleau, who graduated from Nahma in 1959 and played two years of varsity basketball at Soo Tech, succeeds Seb Rubick as coach of the Arrows.

The new Nahma coach will have eight returning lettermen from last year's team that won six of 20 games. The Arrows did not field a jayvee team last season so all the candidates for basketball were members of the varsity squad.

Back in action will be seniors David Groleau, Tom Miron, Clyde Hardwick and David Larson, juniors Mike Turan, Rick Mercier and Jim Sefcik and sophomore David Feathers.

Lost through graduation were Rick Schaffer, last year's leading scorer and rebounder, and Marshall Groleau. Steve Ritter, a senior this year, is not out for the sport.

Tallest of the Arrow cagers is Turan at 6-2. Feathers is the only other 6-footer on the squad. Mercier, who stand 5-10, tallied 250 points during the regular season last year.

Nahma is a member of the Central U. P. League.

The Nahma schedule:

Nov. 15 — Hermansville there
Nov. 19 — Perkins there
Nov. 23 — Eben there
Nov. 29 — Garden there
Dec. 2 — Trenary here
Dec. 6 — Cooks here
Dec. 9 — Rock here
Dec. 13 — Engadine here
Jan. 6 — Bark River there
Jan. 13 — Rapid River here
Jan. 18 — Perkins here
Jan. 20 — Rock there
Jan. 31 — Eben here
Feb. 3 — Trenary there
Feb. 7 — Garden here
Feb. 10 — Grand Marais here
Feb. 17 — Rapid River there
Feb. 23 — Cooks there

Powell Catches Two TD Tosses As Raiders Win

By The Associated Press

Art Powell hasn't exactly been overexerting himself lately, but it's doubtful that the Oakland Raiders will enter a formal complaint.

Of the 20 passes thrown by Raider quarterback Tom Flores in Oakland's 41-19 victory over San Diego Sunday, only four of them found their way to Powell, one of the game's top receivers. But those four catches were good for 86 yards and two touchdowns.

The big Oakland end entered the game behind only Lance Alworth of the Chargers in passes caught for the American Football League season. With Alworth out for a few weeks with a pulled muscle, Powell is making his bid to catch him. He is now just eight receptions and two touchdown passes behind the San Diego receiver.

Powell's first touchdown came on the first series of plays in the game after Flores had thrown a 68-yard pass to Clem Daniels, getting the ball down to the Charger 10. Shortly thereafter, Flores flipped to Powell who grabbed the ball away from Charger defender Leslie Duncan.

Then early in the second quarter, with the Raiders just a yard from the goal, Flores surprised everyone with a pass to Powell for the score. Just to show it was part of the plan, Flores later threw another short scoring pass, one that went two yards to Daniels.

Elsewhere in the AFL, Buffalo beat New York, 14-3, Kansas City bounced Miami, 34-16 and Boston took Houston, 27-21.

The Oakland victory put the Raiders into second place in the Western Division of the AFL and all but ended San Diego's chances for a fourth straight division championship. Oakland is 6-4 and San Diego is at 5-4-1.

New York and Buffalo fought on nearly even terms for three quarters when, with the Jets leading 3-0, Jackie Kemp threw a 14-yard scoring pass to Elbert Dubenion, putting the Bills ahead, and Jim Dunaway ran 73 yards with a blocked field goal for the final score. The Bills remained in first place in the Eastern Division, while the Jets dropped to third.

Kansas City came closer to the Western title by beating Miami. Len Dawson threw three touchdown passes in the first half, including one good for 68 yards to Otis Taylor.

Rookie Kicks Six Goals As Lions Upset Vikings

MINNEAPOLIS — ST. PAUL (AP)—Garo Yepremian, Mike Lucci, Karl Sweetan, Pat Studstill — they all were heroes when the Detroit Lions came limping out of Minnesota with their first victory since Sept. 25.

Yepremian set a National Football League record with six field goals. Lucci intercepted three passes and ran one back for a touchdown. Sweetan, playing with broken ribs, completed 24 of 41 passes for 218 yards, and Studstill caught nine of them for 116 yards.

The combination—despite the usual quota of Detroit mistakes—resulted in a 32-31 cliffhanger victory over Minnesota Sunday. And that wasn't secure until the final minute of play when Dick LeBeau batted down the last pass from scrambling Fran Tarkenton of the Vikings.

Yepremian, a left-footed soccer-style kicker from Cyprus, booted field goals of 33, 26, 15, 20, 28 and 32 yards and kicked two extra points as the Lions twice came from behind to win.

"I thought the record was four," the diminutive Yepremian said afterward. "Some of the players came over and gave me the ball after I kicked the fifth one. Then they told me they thought they had made a mistake about me breaking the record, and said I'd better kick another one."

He did, erasing the NFL record shared by Ernie Nevers, Bob Waterfield, Roger LeClerc and Jim Bakken. His 20 points was the most for a lion in a single game since Doak Walker got 21 in 1954.

Since Yepremian was signed six weeks ago, before he'd ever seen an NFL game, Lion Coach Harry Gilmer has been saying, "He'll make a good kicker. Just give him time."

Previously Garo was one for six on field goal tries.

Lucci, who replaced the retired Joe Schmidt as a linebacker this year, ran one of Tarkenton's passes 53 yards for a touchdown that gave Detroit the lead for good at 25-24. His other two thefts set up field goals by Yepremian.

"It was just a combination of my being in the right place at the right time, and our line putting a hard rush on Tarkenton. All three times I sensed where the ball was going and cut in front of the receiver," Lucci said.

Sweetan hurt his ribs last week against Chicago and his doctor confirmed they were broken. "I didn't want to say anything for fear I wouldn't be able to play," he said.

Sweetan played all but one play on offense. He went off the field just before the half after being hit in the ribs and his backup man, Tom Myers, went in. Myers ran one play, throwing the ball to Viking defender Dale Hackbart, who ran the interception 41 yards for a Viking touchdown.

Studstill's catches gave him his sixth straight game with more than 100 yards. He has 1,069 for the season, 17 short of Terry Barr's club record.

Ed Sharockman intercepted one Sweetan pass and returned it 38 yards to set up one score early in the second half. Sweetan fumbled and the Vikings recovered on the 12 to score again.

But Lucci scored and John Robinson raced 64 yards with a punt to set up another Lion touchdown for a 32-24 margin. Tarkenton directed a 71-yard touchdown march with 2:42 left in the game and the score was 32-31 Detroit.

The Lions couldn't move after the kickoff, but the Vikings had to give up the ball on downs and Sweetan ran out the clock.

Redskins Miss Upset Over Dallas By Foot; Villanueva's, That Is

By The Associated Press

The Washington Redskins missed upsetting the Dallas Cowboys by a foot—Danny Villanueva's right one — and the Detroit Lions get their kicks from Garo Yepremian.

In fact, National Football League Clubs really played fotball Sunday as 29 field goals were kicked, the most of any weekend this season.

Villanueva kicked only one field goal, but it came with just 15 seconds remaining and gave the Cowboys a 31-30 victory, a 6-2-1 record and moved them to within one-half game of first place St. Louis in the Eastern Conference.

On the other hand, Yepremian booted six field goals for an NFL single game record as the Lions nipped Minnesota 32-31. His eight attempts also tied a single game mark set by Baltimore's Lou Michaels when he was with Pittsburgh.

Still another single game record—11 three-pointer tries by two teams—was set in Pittsburgh's 30-9 upset of St. Louis.

Pittsburgh's Mike Clark made three and Jim Bakken booted a like number for the Cardinals, 7-2-1, playing their first game without quarterback Charley Johnson, who is through for the season because of an ankle injury.

In other games, Baltimore tied idle Green Bay for first place in the West with a 7-2 mark by taking a 19-7 victory over Atlanta; Cleveland whipped Philadelphia 27-7 to move within a game of St. Louis; San Francisco tied Chicago 20-20 and Los Angeles snapped a four-game losing streak by trouncing New York 55-14.

Although Villanueva's field goal won't put him in the record book, it could help put the Cowboys in the book as conference or even league champions.

Dallas, with no time outs left, started the drive for Villanueva's winning 20-yard boot from their own three with only :30 seconds left. Villanueva also converted after four TDs—two of them by the passing combination of Don Meredith to Bob Hayes for 53 and 95 yards.

The Redskins had gone ahead on an 18-yard pass from Sonny Jurgensen to Charlie Taylor. Jurgensen also hit Taylor for a 78-yard TD, and Charley Gogolak kicked three field goals.

"After a while, I think I'll be a good kicker," Yepremian said after breaking the old record of five field goals held by Ernie Nevers of the Duluth Eskimos, Bob Waterfield of the Los Angeles, Bakken of St. Louis and Michaels of Baltimore.

Pittsburgh, which upset Cleveland last week and gets a shot at Dallas next week, took advantage of three interceptions off Terry Hoffinger to beat St. Louis. The Steelers' Clark kicked three field goals and quarterback Ron Smith and halfback Don Hoak threw TD passes. Bakken kicked for all of St. Louis' points.

Baltimore's Michaels kept the Colts within one point, 7-6, in the first half with two field goals. Then after Lenny Moore put the Colts ahead on a one-yard run, Michaels added two more three-pointers.

Frank Ryan passed for two scores, Ernie Green ran for one and Lou Groza kicked a pair of field goals for Cleveland, now 6-3.

A 44-yard field goal by Tommy Davis with nine seconds remaining—his third of the game—gave San Francisco its tie with Chicago. A bad pass from center on a conversion attempt after Ed O'Bradovich ran 11 yards with a fumble for a TD cost Chicago a victory.

Bruce Gossett also kicked two field goals for Los Angeles, but the Rams didn't need them as Roman Gabriel rushed for two TDs and completed 24 of 35 passes for 298 yards and two scores against the hapless Giants. One of New York's touchdowns came on a 100-yard return of a pass interception by Henry Carr.

Jacobson Faces Big Rebuilding Chore At Eben

EBEN—Coach Jim Jacobson, starting his second year as head basketball coach at Eben High School, faces another rebuilding chore as he attempts to find replacements for four of his top five scorers from last year's team.

Lost through graduation were Jerry Seppi, Dave Brisson, Arne Haavisto and Tom Woodaz contributed over 750 points in a 10-9 record last season.

Jacobson, former Marquette and Michigan State University athlete, has six returning lettermen, including Jim Lehtomaki, a 6 foot 2 inch junior who tallied 202 points in the regular campaign last season. Other veterans include Jim Seppi, Len Salminen, Ken Alto, Terry Hakkola and Paul Salminen.

Rounding out the squad are Dan Maki, Mike Luoma, Jim Seppanen, Bill Takkinen and Pete Niemi.

Lehtomaki is the tallest of three 6-footers on the squad at 6-2. Paul Salminen is 6-2 and Jim Seppanen 6-0.

Rangers Split With Nationals Over Weekend

MARQUETTE — The Marquette Iron Rangers split with the U. S. Nationals in their first weekend of action in the United States Hockey League over the weekend.

Oakie Brumm's skaters pinned a 5-3 setback on the former St. Paul Steers in a wild and wooly season opener Saturday night at the Palestra and then bowed by a 2-1 margin Sunday night.

Fierce action resulted in 13 penalties in the first period Saturday night's battle in which the Rangers took a 4-3 lead into the final minute of the contest and clinched it with a goal in an open net as the Nationals pulled their goalie.

Sunday night the Nationals went ahead 2-0 in the second period and hung on as Marquette rallied with a goal by Wayne McCuaig late in the same frame.

Goalie Brian Lunney made 33 saves in the first game and 23 in the second.

Wolverine Rally Nips Wildcats, Buckeyes Next

ANN ARBOR (AP)—It's on to Ohio State and the Big One for the stuttering Michigan Wolverines this week.

Michigan had to come from behind to beat Northwestern 28-20 Saturday at Ann Arbor in the last home game for 23 seniors.

After the Wildcats built up a 17-7 lead, Michigan Coach Bump Elliott said, "We had to make some adjustments." From then on, the Michigan defense held the Wildcats to one field goal.

"They had a few wrinkles we didn't expect," said Wolverine defensive back Rick Sygar. "But we got to them in the second half."

Northwestern Coach Alex Agase said the Wildcats "got the breaks, but we didn't take advantage of them."

He said his defense did a pretty good job of double-teaming Michigan end Jack Clancy, who caught six passes for 88 yards, including a 33-yard touchdown pass.

But the defensive strategy left halfback Jim Detwiler open for two pass receptions, one good for a 48-yard TD.

"They have to cover Clancy," said Detwiler. "I was open both times they called my pass play." Detwiler set up the touchdown pass to Clancy with a 47-yard run to the Michigan 20.

Michigan quarterback Dick Vidmer sneaked a yard for another score and Carl Ward crunched five yards for the other Michigan touchdown.

Sygar kicked four straight extra points to make him 30 for 30 this year. Ward's runs piled up 75 yards on 20 tries. Vidmer got 81 yards on nine rushes.

Vidmer hit Clancy 6 times for 88 yards and Detwiler twice for 60 yards in a total of 170 yards on 10 completions in 20 tries.

The victory left Michigan 3-3 in the Big Ten and 5-4 over all. Northwestern is 1-4-1 in the league and 2-6-1 over-all.

This week's game with archrival Ohio State at Columbus pits the Wolverines against a team that's 4-4 over all and 3-3 in the league.

Michigan's Star defensive end Roger (Rocky) Rosema, suffered a knee injury against Northwestern. His condition will be determined later in the week.

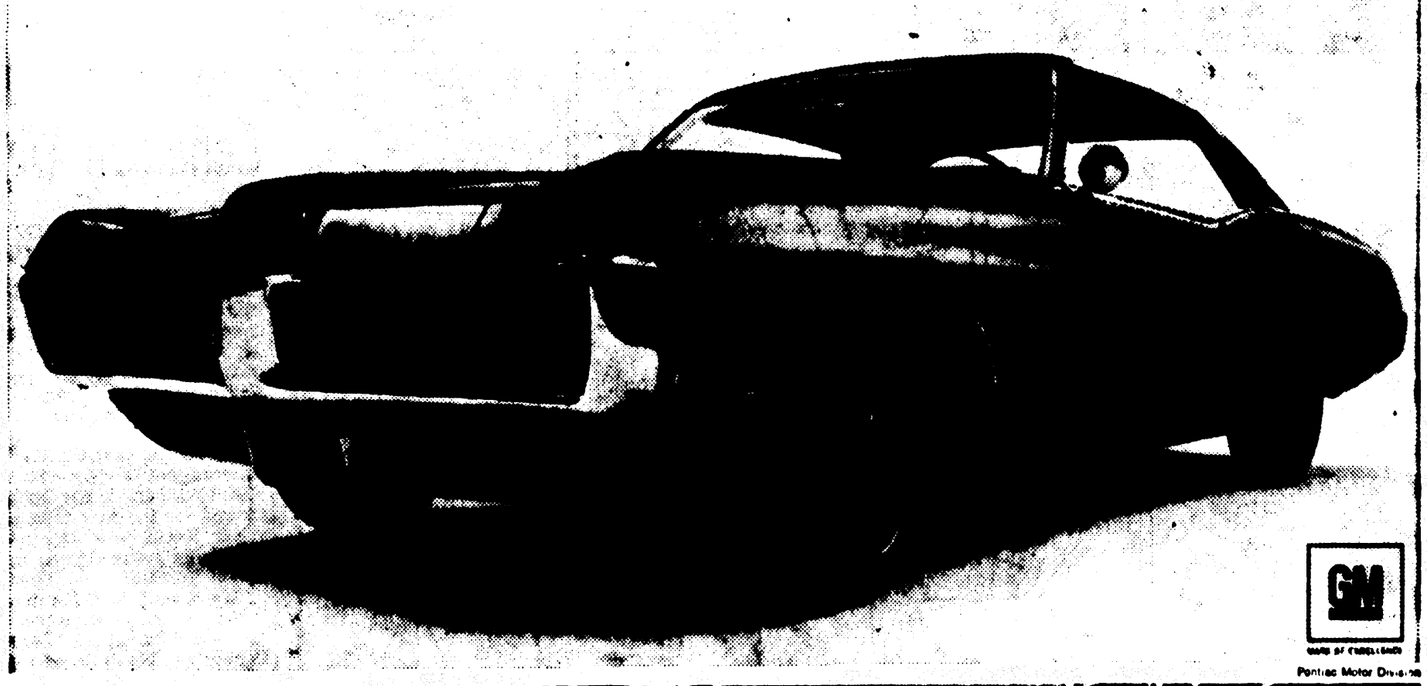
Sports In Brief

AUGUSTA, Ga. (AP)—Richard Petty has added the Cracker 300 to his collection of first place trophies won in stock car races.

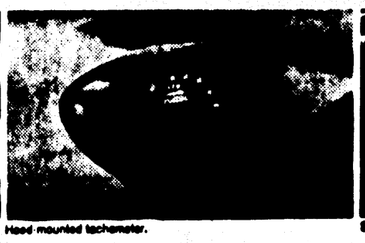
The Randleman, N.C., driver roared home first Sunday in the season's initial NASCAR Grand Raceway. He brought his 1966 Plymouth in two laps ahead of Paul Lewis of Johnson City, Tenn., who finished second in a 1965 Plymouth.

When you love your work, it shows.

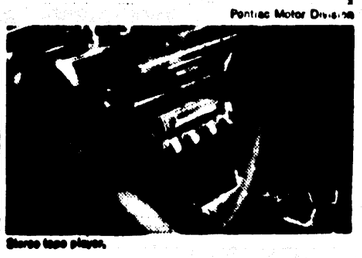


What happened to the windshield wipers?

Grand Prix's nonprogrammed window.



Hood-mounted tachometer.



Stereo tape player.

And we love our work. So much so that we couldn't bear to stop with the slickest-looking split grille ever to grace a Wide-Track. (Or any other car, for that matter.)

We went ahead and made the windshield wipers disappear. The car not only looks cleaner, but the wipers are less subject to icing and freezing, too.

Then we got rid of the vent windows on all Grand Prix hardtops. We replaced them with nifty monograms and a flow-through ventilation system.

We even designed a rather unique hood-mounted tachometer option that's available on all Pontiacs. As are our other bright new options like our eight-track stereo tape player and AM-FM Stereo-Multiplex radio. And, of course, our handsome Interiors have to be seen to be believed. All Pontiacs have standard safety features that include a dual master cylinder brake system with warning light, outside rearview mirror, and GM's energy absorbing steering column.

Isn't it time you decided to see your Pontiac dealer? If you love our work the wey we do, it's the least you can do.

Pontiac 67/Ride the Wide-Track Winning Streak

GLADSTONE

Briefly Told

Men and women are needed to sort and pack clothes and blankets for the Lutheran World Relief. Packing will be at 1:30 p.m. Tuesday and 1:30 p.m. Saturday.

State Police issued traffic tickets Sunday to Gerald L. Bingham, Rte. 1, Elmira, failure to report property damage accident; Joheph Segorski, 1910 S. 24th St., Escanaba, no proof of insurance; Peter Heitz, Rte. 2, Bark River, no operator's license and no registration or proof of insurance; James Niks, 517 Wisconsin Ave., speeding.

A complaint of hunters carelessly using firearms on his property was made by Del Mosier of Rapid River Sunday to State Police. Troopers are investigating.

Two deer were killed in Delta County over the weekend by automobiles, not deer hunters, State Police report. Emerson Kidd, 23, of Rte. 1, Escanaba, struck a deer on M-35 just south of Escanaba Saturday and Henry Couillard, 21, of 1110½ Dakota Ave., hit a buck in Escanaba Township near County Rd. 416 Sunday.

A four-point buck shot by Everett Smith, Westland, Mich., was reported stolen to State Police Sunday from a hunting camp in Section 12, Maple Ridge Township. Troopers are investigating.

Mrs. LaChance Taken By Death

Mrs. Catherine A. LaChance of 412 Wisconsin Ave., Gladstone, died in St. Francis Hospital in Escanaba at 7 p.m. Saturday. She was 74 years old and had been a patient for four days.

Born in Escanaba on Nov. 6, 1892, she had lived in Gladstone for 50 years. Mr. LaChance died on Jan. 30, 1966.

Mrs. LaChance was a member of the Free Methodist Church, the Ladies Aid Society and the American Legion Auxiliary.

Surviving are two daughters, Mrs. George (Marjorie) Murphy, of Wells; Mrs. Walter (Thelma) Godfrey of Gladstone; a son Joseph Eagle of Gladstone; one foster son, Fred St. Cyr of Gladstone; one brother, Harry Goedert of Flint; 10 grandchildren and eight great-grandchildren.

Friends may call at the Skradski Funeral Home after 3 p.m. today.

Funeral services will be held at 2 p.m. Tuesday at the funeral home with the Rev. George Heltzel officiating. Burial will be in Fernwood Cemetery.

Strike Hits At Canada Airlines

MONTREAL (AP) — An estimated 80 per cent of Canada's civil air transport facilities was expected to be grounded this afternoon by a strike of 5,200 maintenance workers against Air Canada.

Jimmy Raye's Passes Too Much For Indiana

EAST LANSING (AP) — Michigan State football coach Duffy Daugherty said Sunday the MSU-Notre Dame game is "a great opportunity to decide the national championship on the field of play."

The No. 2 ranked Spartans meet top-rated Notre Dame at Spartan Stadium Saturday.

Daugherty, who has advocated a national collegiate football playoff similar to other NCAA championships, made the remark during a television interview in Lansing.

He said the collegiate championship usually is "decided by comparative scores or in the polls."

Notre Dame knocked off Duke 64-0 Saturday while MSU won its second straight Big Ten title with a 37-19 victory over Indiana at Bloomington. The triumph was MSU's 14th straight in the conference.

The victory demonstrated that Spartan quarterback Jimmy Raye not only can pass, but can heave the football in all kinds of weather.

Raye completed seven of nine passes against Indiana, good for 171 yards and three touchdowns. That brought his season total to 55 completions in 103 attempts for 968 yards and 10 TDs.

It wasn't raining at Bloomington Saturday, but the temperature was near freezing when Raye completed his first six passes. He hit on scoring tosses of 8 yards to Dwight Lee, 29 yards to Al Brenner and 29 yards to Gene Washington, his favorite target, who now has 22 receptions for 554 yards and seven TDs.

Raye's performance was overshadowed by Indiana's Frank Stavroff who set a Big Ten record by completing 23 of 31 passes for 316 yards. Iowa's Gary Snook held the old mark of 310 yards, set in 1964.

But Raye's passing — and a stout MSU defense called "Greenie Meanies" — won the game.

Pont said he thought his Hoosiers would be able to run against MSU. But Indiana ended up with minus 10 yards rushing.

Despite the success, Daugherty was not all smiles after the game.

Defensive linemen Phil Hoag and Nick Jordan had been hurt, and defensive tackle Jeff Richardson and offensive tackle Jerry West had been ejected from the game.

Hoag hurt his elbow and Jordan injured his ankle. Whether the injuries are serious enough to keep them from playing against Notre Dame isn't known yet.

Canadian Wins Tokyo Tourney

TOKYO (AP) — Jack Nicklaus and Arnold Palmer, who have a pleasant custom of picking up expensive hardware, retrieved one of their favorite pieces — the Canada Cup — and headed back to the United States today.

And its companion piece, the International Trophy for individual victory, heads back to Canada for the first time in 12 years, thanks to a wire-to-wire victory by young George Knudson of Toronto.

"We came to win the Canada Cup as a team. We're glad we can take it back home," agreed Palmer and big Jack, who have taken it home on three previous occasions.

The 14th annual Canada Cup matches concluded Sunday in rain and cold at the Yomiuri Country Club on the outskirts of Tokyo with these results:

The Nicklaus-Palmer team scored a combined total of 548 strokes for 72 holes, 28 under par, breaking their own record of 554 established in Hawaii in 1964.

The ebullient Knudson finished the 72 holes tied with Japan's husky belter, Hideyo Sugimoto, at 272, tying the individual record set by old Sam Sneed in 1961 in Puerto Rico.

Knudson then defeated the Japanese star on the second hole of the sudden death playoff, sinking a seven-foot putt for a birdie two to the theoretical par by Sugimoto. Canada's Stan Leonard won the trophy in the infant years of the matches in 1954 and 1959.

Rangers Blast Detroit Sextet

NEW YORK (AP) — The Detroit Red Wings have a week off to rest up from the battering they took here Sunday night.

Not only did the New York Rangers end the Wings' unbeaten string at three with a 5-2 bombardment, the Wings were mixed up in a melee that delayed the game 17 minutes. The fracas involved almost every player on the ice except the goalies.

Chicago beat Toronto 6-1 and Boston downed Montreal 2-1 in other games Sunday.

Jim Neilson of the Rangers and Bob McCord of the Wings, who did most of the fighting, were ejected from the game. New York's Billy Hicke and Detroit's Bryan Watson tangled near the Wings' bench just before the end of the second period. McCord and Nielson started punching. Reg Fleming threw punches at every Detroit player who came within range.

Stage Is Set For Big Game

By The Associated Press

Nobody can quibble with Ara Parseghian and Duffy Daugherty this week when they are quoted as saying: "We're not looking past this week's game."

That's the cliche the two coaches have stuck with most of the season, but this time it is for real. This is the week Parseghian's top-ranked Notre Dame and Daugherty's second - rated Michigan State meet in one of the most eagerly awaited college football games in years.

The Irish and Spartans set up their unbeaten battle with easy victories last Saturday, Notre Dame over Duke 64-0 and Michigan State over Indiana 37-19.

Terry Hanratty, back on the beam, completed eight of 13 passes for 127 yards and two touchdowns, one to favorite receiver Jim Seymour. The Irish also intercepted four passes in upping their record to 8-0.

Michigan State, winning its second straight Big Ten title, piled up a 37-7 lead as Jimmy Raye threw for three touchdowns and the defense held the Hoosiers to a minus 10 yards rushing.

With Michigan State ineligible for a Rose Bowl bid after going last year, Purdue, 5-1, wrapped up an almost certain bowl trip by polishing off chief challenger Minnesota 16-0.

Illinois, 4-2, clobbered Wisconsin 49-14, but even an Illini victory over Northwestern Saturday and a Purdue loss to Indiana would give the Boilermakers the bid because they have never made the bowl trip before.

Another conference title was settled when undefeated Nebraska, No. 4 in The Associated Press poll, clinched its fourth straight Big Eight crown by overcoming Oklahoma State 21-6 while Missouri eliminated Oklahoma 10-7.

Arkansas, 5-1, set up its unprecedented third straight Southwestern Conference title and a Cotton Bowl trip by dealing Southern Methodist its first defeat, 22-0 on Dave Dickey's two scores.

The Razorbacks, ranked sixth, need only a victory over six-time loser Texas Tech Saturday to clinch at least a tie and a certain bowl bid.

A 52-yard pass from Kirby Moore to Hardy King helped Georgia to a 21-13 triumph over Auburn and gave the ninth-ranked Bulldogs at least a share of the Southeastern Conference flag with a 6-0 mark. The Bulldogs had to come back from a 13-0 halftime deficit.

Georgia has completed its conference schedule but Alabama can tie by beating Auburn Dec. 3. The unbeaten Crimson Tide, No. 3, belted South Carolina 24-0 for its 13th straight victory.

UCLA, No. 8, struggled by Stanford 10-0 on Gary Beban's 24-yard scoring run, but its Pacific 8 title and Rose Bowl hopes were jolted when Beban later suffered a broken ankle. The star quarterback will miss Saturday's showdown game against Southern California, which is the other half of the regionally televised doubleheader after the Notre Dame-Michigan State affair.

Southern Cal, ranked seventh, leads the league at 4-0. It did not play last Saturday.

In other games involving Top Ten teams, Georgia Tech, No. 5, rolled by Penn State 21-0 as Larry Good ran for one touchdown and passed 20 yards for another, and Tennessee, No. 10, lost to Mississippi 14-7 on Jerry Richardson's 51-yard run with a recovered fumble in the last two minutes.

Gino Regains Scoring Touch For Patriots

BOSTON (AP) — Gino Cappelletti, owner of a sturdy toe and glued fingertips, resumed his role as the American Football League's leading scorer today after going from goat to hero within a week.

Cappelletti, bidding for his fifth scoring title in the AFL's seven-year history, connected for 21 points Sunday as the sputtering Boston Patriots held on for a 27-21 victory over Houston.

The 32-year-old former Minnesota star scored touchdowns on passes from Babe Parilli covering 63 and 31 yards, booted field goals from 28 and 44 yards out and kicked three conversions in boosting his nine-game output to 84 points.

"It took me all week to shake the nightmare of the Denver game from my system," Cappelletti said.

Cappelletti fought a battle within himself after he failed on a 20-yard field goal attempt with 27 seconds to go against Denver. The Broncos then struck back and snapped Boston's three-game winning streak by hitting on a long pass with just two seconds left for a 17-10 rain-soaked victory.

Call For FREE Pick-Up And Delivery! ! !

Very truly yours,
MONTGOMERY WARD

P.S. All sets must be intact as far as all tubes and parts according to manufacturers specifications.

Escanaba Youth Hunt Victim

An Escanaba youth and a deer hunter in Menominee County were among five gunshot wounds reported in the Upper Peninsula over the weekend as the 1966 deer season moved into its third day today.

In addition, six hunters suffered fatal heart attacks, eight hunters were reported lost (all located) and another man serious injured in a fall.

Last year, there were two gunfire deaths, six woundings, 36 lost hunters and six heart attack fatalities through the entire Upper Peninsula season.

Hunting conditions were reported good to excellent throughout the U.P. with deer kills good.

At the Mackinac Bridge, authorities reported fewer southbond cars, but more deer this year.

Youth Hospitalized

As of 8 a.m. today, 4,393 vehicles had crossed back to lower Michigan with a total of 552 deer and five bear. A year ago, 4,793 vehicles had transported only 546 deer, but had 10 bear.

Hospitalized at St. Francis Hospital as a result of a gunfire accident Saturdayis Daryl Peterson, 16, of 616 S. 15th St. He was reported in good condition.

State Police of the Gladstone Post said Peterson shot himself in the leg about 12:20 p.m. Saturday in Maple Ridge Township. Troopers said the hammer on a .22 caliber pistol he was taking from a holster slipped.

Also in St. Francis Hospital as result of a gunshot accident is Richard Knight, 32, of Maumee, Ohio.

State Police said Knight was struck in the shoulder by a piece of metal while he was sitting in a car in Spalding Township, Menominee County, about 2:20 p. m. Sunday.

Troopers said a hunting companion, Curt Gordy, 39, of Lambertville, Mich., was standing behind the car when he saw a deer. Gordy picked up his rifle, took a position using the trunk of the car to steady his aim and focused the deer in his rifle scope, officers said.

Bullet Hits Car

When he fired, the bullet struck the roof of the car above the back window, a fragment striking Knight. The victim was reported in good condition at the hospital this morning.

Heart attack victims in the Upper Peninsula include:

Theodore F. Koehler, 63, of Ann Arbor, who died about 2:30 p. m. Sunday while hunting near Seney. State Police said Koehler was hunting with his wife, Maria, and a friend, George Wunder of Ann Arbor, when the car got stuck. After pushing the car out, Koehler drove the car up the road to turn around. When he failed to return, his wife and Wunder went to look for him and found him dead in the car.

Other heart attack victims were: James Hruska, 75, Flint; Charles Campbell, 42, Taylor, both Friday; William Kalis, 70, Detroit and Harry Trepanier, 58, Essexville, Saturday; and Mike F. May, 66, Dearborn, Sunday.

Violations Up

John Dusa, Jr., 33, Deerfield, was seriously injured while hunting in Limestone Township, Alger County.

State Police said Dusa was standing on a log when he slipped and fell, fracturing his back. He was flown to Veterans Hospital, Ann Arbor.

Conservation officers reported 181 violations so far this year, compared with 124 last year. There have been 19 illegally killed deer, compared with seven last year.

Violations reported in the Escanaba Area include:

Robert A. Kilgore, 31, Dayton, O., arrested Sunday for failing to comply with deer tag regulations. He pleaded guilty before Justice A. J. Mortier and paid fine and costs of $25;

Keith F. Simon, 18, Chicago, poste d $25 bond for appearance on charge of possessing a loaded rifle in a motor vehicle. He was arrested Sunday in Cornell Township;

Harley LaCarte, 17, Rte. 1, Cornell, paid fine and costs of $10 on charge of possessing an uncased gun in a mtor vehicle. He was arrested Sunday in Cornell Township;

John Rife, 61, and Modena Rife, 66, both of Proctorville, O., each paid $25 fine and $6.70 costs after pleading guilty to charge of possession of loaded rifles in a mtor vehicle when arraigned b efore Justice Arthur Burkhart of Gwinn. Officers said they were arrested Saturday in Wells Township.

State Releases Highway Funds

Third quarter Motor Vehicle Highway Fund collections are being distributed to Michigan counties and cities and villages, the State Highway Commission reported today.

State Highway Director Howard E. Hill said net receipts of the Highway Fund during July, August, and September of 1966 amounted to $54,845,777, an increase of $2,409,742, or 4.8 per cent, ecmpared to the same period of 1965.

Delta County's share totaled $129,094 while Escanaba received $29,386 and Gladstone $12,097.

All state gasoline and diesel fuel taxes and license plate fees go to the Motor Vehicle Highway Fund.

After deduction of collection costs and the Waterways Commission's share, the money is distributed with 47 per cent to the Department of State Highways, 35 per cent to the State's 83 counties and 18 per cent to 522 incorporated cities and villages.

Besides Delta's share of $129,094, other counties in the area will receive: Dickinson $99,420, Luce $56,664, Mackinac $77,463, Menominee $132,414 and Schoolcraft $63,011.

Cities participating besides Escanaba and Gladstone included Daggett $1,546, Garden $1,172, Manistique $9,058, Menominee $22,243, Newberry $5,465, Powers $1,532 and Stephenson $2,858.

Hearing Reset In Shooting

Arraignment of a 28-year-old Ottawa Lake, Mich., man charged with assault with a deadly weapon after a shooting incident in Marquette County was postponed for a week to 10 days Saturday in Marquette Municipal Court.

Frederick H. Fisher Jr., remained jailed in lieu of $2,000 bond.

Fisher was charged in a warrant issued by the Marquette County prosecutor after a shooting incident about 1 a. m. Saturday in which a hunting companion, John W. Cottrell, 30, of Toledo, O., was shot twice in the abdomen.

Cottrell, who was taken to St. Francis Hospital in Escanaba, was reported in satisfactory condition this morning.

Fisher was arrested by State Police of the Gladstone Post after the incident, which took place in a temporary hunting tent on state property near Arnold.

City To Honor Nels Bergeon, Retiring Chief

The City of Escanaba will recognize Fire Chief Nels Bergeon for his long record of public service when the City Council meets Thursday at 8 p.m.

Bergeon, who is soon to retire, will be presented with a watch by Mayor Harold Vanlerberghe on behalf of the city. The new chief is Palmer Derouin, presently a captain in the fire department.

The Council in other business will give second reading and adoption to three ordinances; and will give first reading to an ordinance providing for the vacating of an alley.

Teachers Welcomed

FOUR NORTHERN MICHIGAN University students, who began their student teaching in the Escanaba Area school system today, were welcomed in conference this morning by Supt. Luther M. Barrett, right. The students are, from left, Thomas Smith of Escanaba, to teach art at the junior high until Jan. 27, with Karen Bennett; Mrs. Betty Zeni of Escanaba, to teach third grade at Lemmer School until Dec. 16, with Melba Bramer; Kathryn Partenen, Negaunee, to teach Jefferson second grade with Barbara Piquette until Jan. 27, and Richard Talo, Ironwood, to teach high school biology with George Frantz until Jan. 27. Briefly Told

St. Thomas Home and School Club will hold it's monthly meeting Tuesday at 8 p.m. at the Parish Hall. Fr. Leno Zadra will show slides on Italy.

Traffic court summonses have been issued by Escanaba police to Alan R. Budinger, Sault Ste. Marie, failing to stop in the assured clear distance; Mary P. Knemens, Cedar Springs, Mich., improper turn Susan L. Baldwin, 1615 N. 16th St., and Daniel Samson, Gladstone Rte. 1, both for speeding.

North Central Airlines carried 174,815 passengers in October to boost its traffic for the first 10 months to a record 1.7 million passengers, already 108,271 greater than the record 1.6 million carried for the entire 12 months of 1965.

Escanaba police are continuing their investigation of malicious damage to the Soft Spray Car Wash in Escanaba Sunday night. Lights were broken and other damage caused.

Two Escanaba boys, each 14, were referred to juvenile court with their parents by Escanaba police for rifling the soap machine of coins at the Escanaba Steam Laundry at 2:45 a.m. Sunday. The boys were observed by Deputy Sheriff Al Wiles, who summoned police.
